COUNTY'S BEST SPELLERS — These five finalists out-spelled 30 other girls and boys in the fourth annual Columbiana County Spelling Bee Monday night at Lisbon to advance to the Canton Regional event May 3. Pictured (l. to r.) are Gary Barringer of East Liverpool, who was fifth; Tom Bica of Salem, who was fourth; Marjorie Bretz of Fairfield-Waterford, third; Ellen Rodgers of Wellsville, second, and Vicki Galchick, the 14-year-old Salem Junior High School eighth grader, who reigns as county champion for 1963.

Congress Opens Steel Hearings

'Impartial, Factual' Sessions Pledged

WASHINGTON (AP) — Congress opened hearings today on steel prices, and with the ink still wet on some new prices.

The atmosphere is far from the stormy, dramatic days of the administration-industry battle of a year ago.

The hearings, conducted by the Senate-House Economic Committee with bipartisan approval, promise at the outset, at least, to be more technical than dramatic. Sen. Paul H. Douglas, D-Ill., joint committee chairman, said the hearings will be "impartial and factual." He said the committee is trying "to lay a groundwork of fact and detail on which all could agree so that the opinions, results, and recommendations would so far as possible reflect an informed view of the problem."

Rep. Thomas B. Curtis of Missouri, senior Republican House member on the group, applauded Douglas' plan for the hearings. Curtis said such a system should have been used last year in place of Kennedy's public denunciations of the price rises which finally were revoked under heavy administration pressure.

On the eve of the hearings' opening, some steel firms were lowering or canceling some of the selective price increases, seemingly to stay in line with the market.

Today's testimony, by Labor Department specialists, was assigned the noninflammatory title: "Labor Costs per Unit of Output and Related Data."

Douglas said the first six days of hearings will be confined to

Housewife Burned In Blaze Today Near West Point

WEST POINT — Mrs. Charles Morris Sr. was severely burned and about \$3,000 damage was caused to the Morris home on Rt. 45, two miles south of here, in a fire this morning.

Mrs. Morris suffered burns of the face, upper chest and both hands and is reported in fair condition in East Liverpool City Hospital.

About 15 West Point volunteer firemen in two trucks responded to the alarm at 7:45 a.m.

Mrs. Morris fled the two-story structure and ran to the home of Taylor, about a quarter mile north of the Morris residence, to report the fire. Morris was not home when the fire broke out.

Firemen said the blaze was caused by a short circuit in a radio. Most of the damage was caused by heat and smoke.

Vicki Galchick, 4 Others To Enter Regional

Salem Girl New Spelling Champ

By CAROL CROFT
Carrying the Columbiana county banner into the May 3 regional spell-down at Canton will be a 14-year-old Salem girl, Vicki Galchick, who outlasted 30 other contestants Monday evening at David Anderson High School in Lisbon in the fourth annual county bee.

Nikita's Berlin Plan Dismissed

Neutral Status for West Sector Asked

BERLIN (AP)—West Berlin and Allied officials dismissed today Soviet Premier Khrushchev's suggestion that West Berlin be given a neutral status like Austria, Switzerland or San Marino.

"We see absolutely nothing new in this," said one Western Diplomat. "In fact, he seems to be going backward."

The diplomat pointed out that when Khrushchev first demanded that the Allied occupation of the city be ended, he proposed that West Berlin become a demilitarized "free city."

When the Allies rejected this, the Soviets softened their demands and said troops could remain under United Nations command.

"It is obvious that he is just searching," a Western expert said. "He is uncertain on how to play his next step."

In an interview with Director Italo Pietra of the Milan newspaper Il Giorno and the paper's Moscow correspondent, Raffaello Ubaldi, Khrushchev said West Berlin could be like Switzerland or Austria, "two countries which live in the middle of other groups of countries but without representing any cause of friction."

Khrushchev also suggested that West Berlin become the "San Marino of central Europe." San Marino is a tiny republic situated in the heart of northern Italy.

Early editions of afternoon Berlin newspapers ignored Khrushchev's suggestion.

Austria's neutrality is guaranteed by the Big Four powers. San Marino depends on the good will of surrounding Italy. Switzerland's neighbors have found it profitable to leave it alone.

Ubaldi said the conversation was friendly and informal. He said Khrushchev made these other points:

1. Communist China's leaders have not replied to his invitation to visit Moscow for discussions of their differences. He said he thought they were still consider-

Mrs. Charles Galchick of 1160 Liberty St. and an eighth grade pupil at Salem Junior High School, copped the honor in the 18th round by correctly spelling "tarantula" after Ellen Rodgers, 14, eighth grader at Daw Junior High in Wellsville, had put a "u" in place of the first "a."

Ellen is the daughter of Mr. and Mrs. Harry K. Rodgers of 501 Aten Ave., Wellsville.

Vicki then went on to correctly spell "theology" to wrap up the county championship.

Putting an "i" in place of the "a" in "laconic" in the 17th round caused Marjorie Bretz, 12, seventh grader at Fairfield-Waterford school to wind up a close third in the contest, co-sponsored by the Salem News and the East Liverpool Review. Her parents are Mr. and Mrs. W. A. Bretz of RD 1, New Waterford.

Another Salem speller, Thomas Bica, 13, eighth grade pupil at St. Paul's School, won the right to compete in the regional match by placing fourth. Tom, the son of Mr. and Mrs. Emil Bica of Damascus Rd., inserted an "i" between the "e" and "a" in "congeal" in the 14th round. A star speller, he also is one of Salem's top Little League baseball pitchers.

Placing fifth, and rounding out the list of those traveling to Canton May 3, is Gary Barringer, 14, son of Mr. and Mrs. John Barringer of 500 Princeton Ave., East Liverpool. Gary, an eighth grade pupil at Westgate Junior High School and three-time pot, missed the word "syndicate" in the 13th round by using an "i" for the "y."

Lorie Roth Hangs On
Eleven was apparently an unlucky number for Salem city champion Lorie Roth, age 11, who was contestant No. 11 and who went down in the 11th round when she misspelled "prodigy" with a "t." Lorie, the daughter of Mr. and Mrs. Martin Roth of 985 Newgarden Ave., is only a sixth grade pupil at 4th St. School.

Four Cubans Swapped for 21 Americans

Donovan Reported Key Figure Behind Prisoner Exchange

NEW YORK (AP)—Three alleged Cuban saboteurs and a pro-Castro Cuban who was convicted of murder were sent back to their native land today in a swap for 21 Americans who were released from Cuban prisons.

The four Cubans left Boca Chica Naval Air Station at Key West, Fla., aboard a Cubana Air Lines American waters by four U.S. jet fighters.

The plane carrying the Cubans from New York had landed at Boca Chica at 6:55 a.m. EST. They transferred to the Cubana airliner and left 30 minutes later. Exchanged for Americans

Atty. Gen. Robert F. Kennedy said Monday night that the four were being sent back to Cuba in the swap for the Americans.

The key figure behind the exchange probably was New York attorney James B. Donovan, who also engineered the Abel-Powers spy swap and the ransom of 1,113 Cuban Bay of Pigs invasion prisoners.

Shortly after Donovan secured the release of 21 Americans from Cuban prisons Monday and flew with them to Florida, the following occurred:

—The Justice Department announced in Washington it was dropping charges against two Cuban nationals and one Cuban-American under indictment in New York for a alleged sabotage conspiracy.

Released From Prison
—Gov. Nelson A. Rockefeller freed from a New York state prison a pro-Castro Cuban sentenced to 20-years-to-life for the 1960 accidental slaying of a 9-year old Venezuelan girl during a restaurant brawl in a New York restaurant.

—Shortly before 10 o'clock Monday night, the four Cubans were placed on a plane at Idlewild Air port for an eventual connection with a Havana-bound Cubana Airlines plane at a base in Florida.

Kennedy told newsmen at a New York reception by the Cuban Prisoners Committee the decision to free the alleged Cuban saboteurs was part of a trade for the American prisoners in Cuba.

Rockefeller said that the other part of the deal was the release of the convicted Cuban slayer, Francisco Molina del Rio, 31.

The governor said the federal government had informed him that the commutation of Molina's

Harry Vincent Dies; Veteran City Official

Harry M. Vincent, 69, of 443 S. Union Ave., former Salem mayor and veteran councilman, died suddenly at his home at 2:30 p.m. Monday.

He was stricken with an apparent heart attack while sawing a piece of lumber in his back yard of his residence.

On June 15, 1960, he retired from public service after serving 16 years in city offices.

A councilman-at-large, eight years, he was Council president two years and served as mayor for two terms (1950-1953). He was employed as service director under Mayor Harold Smith for two years.

His first municipal post was that of councilman-at-large, a position he took in 1940.

Well-known in semi-professional baseball circles, he played with an East Liverpool team.

Born June 11, 1894, in East Liverpool, he was the son of Gilbert and Lottie Hunt Vincent. On Nov. 25, 1915, he married Lucy M. Moore.

Project Contingent on Federal Aid

Courthouse Addition Plans Disclosed by Commissioners

LISBON — Village Council Monday night voted to vacate an alley along the southeast corner of the Columbiana County Courthouse as a preparatory step to construction of a three-story courthouse annex.

Council acted to vacate the 75-foot-long alley at the request of county commissioners who attended the meeting.

Walter A. Hunston of East Palestine, president of the Board of Commissioners, said construction of the annex over a 75 by 75-foot basement is needed to supply space for county offices, some of which are housed in other buildings.

Cautioning that the proposition

is still in the preliminary stage, Hunston said construction of the addition is contingent upon the county's receiving federal aid.

He said the commissioners are attempting to resolve all county problems incidental to the project prior to pushing ahead with it.

Commissioners Galen Greenisen of Salem and James W. Boyd of East Liverpool told Council of the need of more space for their county subdivisions.

Robert Kelm made the motion to vacate this portion of the alley, and Fred Steele seconded the proposal which was approved unanimously.

In other business Council ap-

proved the purchase of a 125 by 125-foot parcel of land on the farm of Mrs. Ruth Riddle, north of the village and east of Route 45, as the site of a water standpipe. Purpose of the standpipe would be to alleviate low water pressures in this area.

First reading was given to a measure which would vacate a 12-foot alley from the north side of W. Chestnut St., approximately 156 feet north to the now existing 20-foot east-west alley between the properties of Mr. and Mrs. Raphael Darcey and Mrs. Anna M. Brennan.

Furey to Fill In For Fadeley

Teacher Is Board's Choice For Vacancy

Arthur Furey of Hanoverton, bookkeeping teacher at Salem Senior High School for the past two years, has been named temporary replacement for assistant superintendent D. W. Fadely for the next two years.

The selection, made several weeks ago, was approved Monday night by the Board of Education upon the recommendation of Superintendent of Schools Paul E. Smith.

Mr. Fadely will be leaving in June to begin two years of missionary work in Liberia, Africa. Furey will be assisted in his new position starting this summer by Clyde Wright in building repair and maintenance, by Dan Papic in custodial planning and supervision, and in financial details by others on the office staff.

The first year the acting business manager will receive his base annual salary of \$5,850, plus an additional one-third of that figure, or \$1,950, for a total annual pay of \$7,800. The following year, when Furey is in line for a raise to \$5,957, his total salary will increase to \$7,966.

David Freshly, fifth grade teacher at McKinley School, will assume Furey's classroom and school treasurer responsibilities.

Mr. and Mrs. Fadely will complete their work in Salem June 15 before attending the national Methodist mission training session in Greencastle, Ind., June 17-23. On July 2 the couple will fly to Monrovia, Liberia's capital, to

Teachers, Coach Named By Board

Seventy-seven certified Salem city school employees were rehired for the 1963-64 school year Monday night by the Board of Education.

The board also approved the employment of Donald Clarico of Malvern High School as head football coach for Salem and Mrs. Lynne Woods of Lisbon as speech therapist.

Clarico, who is searching now for a home for his wife and child in Salem, will be paid \$6,600 a year, including \$5,600 as base teaching pay and \$1,000 for coaching.

Mrs. Woods will be paid a base salary of \$4,450, plus \$500 for speech therapy work. She will work two half-days per week for the rest of this school year, then begin in September as full-time speech therapist.

The appointments of Clyde Knestrick and Sylvester Wittig were approved by the board to teach at the Trades and Industrial School. Resignations of three T & I employees were accepted from Sam Dumbleton, Norman Boals and Barbara Albright.

Summer Term Of School To Be More Rigid

A stiffer summer school program that fits in line with requirements of the State Department of Education was approved by the Board of Education Monday night.

Superintendent of Schools Paul E. Smith said the adoption of the stricter hours places the system in a better position to receive increased aid from the State Foundation Program.

The State Department of Education requires the same number of hours (120) for one high school credit in the summer school as are required in the regular school term.

Classes which have fewer than 12 registrants will be discontinued, but Smith said if 12 or more pupils request a particular course, a class will be organized.

Smith said the summer school program is valuable to:

(1) Provide an extension of the school year for interested pupils. (2) Enable high school pupils to work off a required credit or to make up a lost credit. (3) Continue some enrichment opportunities for elementary children (art, electronics, typing). (4) Assist those elementary children who need additional help in the basic skills of reading, language and arithmetic.

Courses Offered
Courses to be offered on the secondary school level are English refresher, 7-8; reading grades, 7-9; arithmetic grades 7-9; personal use typing 7-12, mathematics refresher, 10-12 and sociology, all two hours daily; world history, U.S. history, Algebra I, and plane geometry, four hours daily; high school spelling,

Fire Hydrant Tests Will Be Resumed

Utilities Superintendent William Thompson announced today that the spot testing of water plugs throughout the city will be resumed Wednesday.

For fire prevention purposes Thompson and a crew of utilities department workers will flush a number of hydrants. Water users in the vicinity of the fire plugs being flushed may notice that the city water is murky for about an hour after the flushing, Thompson said.

U.S. To Send More Warships To Gulf of Siam

Also May Return Troop Units to Adjoining Thailand

VIENTIANE, Laos (AP) — Heavier fighting appeared in prospect for Laos today as rightist Gen. Phoumi Nosavan threatened to send his troops into action if the pro-Communist Pathet Lao completes its conquest of the Plaines des Jarres.

The Pathet Lao is expected to press ahead with its drive to force the neutralist troops of Gen. Kong Le out of northern Laos. Gen. Phoumi's threat promised a resumption of the all-out civil war that ended when the rightist-neutralist-Pathet Lao coalition government was set up by the 1962 Geneva agreements.

Shaky Truce Exists

There was a shaky truce today on the strategic Plaine 110 miles northeast of Vientiane, where the Pathet Lao has driven Kong Le's neutralist forces from key positions.

Observers and officials kept an eye cocked to see what the United States would do. Officials in Washington said additional units of the 7th Fleet would be sent into the Gulf of Siam area as a precaution. High U.S. authorities also said there was a possibility U.S. troops might return to neighboring Thailand.

U.S. Undersecretary of State W. Averell Harriman conferred in Paris with French Foreign Minister Maurice Couve de Murville and then told newsmen the Pathet Lao attacks were outrageous. He charged that Communist North Viet Nam had ordered the attacks on the neutralists.

Reaffirm Full Support
Harriman reaffirmed full U.S. support for the coalition government headed by neutralist Prince Souvanna Phouma.

However, Gen. Phoumi, a deputy premier in the government, said if the Pathet Lao takes over the Plaine, "this means the end of the coalition government and therefore we will be obliged to intervene."

Phoumi said he had dispatched reinforcements to the area, but both he and Kong Le denied Pathet Lao charges that rightist troops had already joined the neutralists on the Plaine itself.

He said his men hold positions in the hills where they are supported by Meo tribesmen. Phoumi's army reportedly numbers about 60,000 men. During the civil war it was unable to stop the Pathet Lao although it had American military advisers and large

Gasoline Creates Hazard In Alliance Business District

ALLIANCE, Ohio (AP)—An underground gasoline storage tank ruptured Monday and for 13 hours 15 came out of the tank in the near East Side were turned into what fire Inspector Chester C. Davison described as "potential bombs."

Authorities said 2,200 gallons of gasoline poured into the city's storm and sanitary sewers in a four-square block area when the tank at the Stark Transit Garage burst.

Firemen and water department and gas company employees worked to clear up the hazard, and fire plugs in the area were turned on to flush the sewers.

Gasoline fumes created a danger of explosion in buildings, including the Stark Hotel.

Seek To Revitalize Party

Ohio Dems Form New Organization

COLUMBUS, Ohio (AP) — Ohio Democrats, still smarting from the thrashing they took at the polls last November, have formed a new statewide organization they hope will restore them to power in Ohio.

The Democratic County Chairmen's Organization was born Monday night at a meeting here attended by 66 of the state's 88 county leaders. Six other counties were represented.

Stat. Democratic Chairman William L. Coleman told newsmen after the closed meeting that the new group will aid state headquarters in revitalizing the party in Ohio.

There was no move, Coleman said, to oust him as state chairman as suggested by Sen. Stephen M. Young. Young persistently has demanded that Coleman resign because of last fall's election in which Republicans grabbed the governorship and all other major state offices that were at stake.

Coleman also said that nothing was done to indicate the new group was organized to bypass state headquarters, also suggested by Young. Neither the senator nor

former Gov. Michael V. DiSalle attended the meeting.

Elected president of the organization was John Weithe, Hamilton County chairman. Joe Sarosy, Lake County chairman, was named secretary-treasurer, and the following became vice presidents:

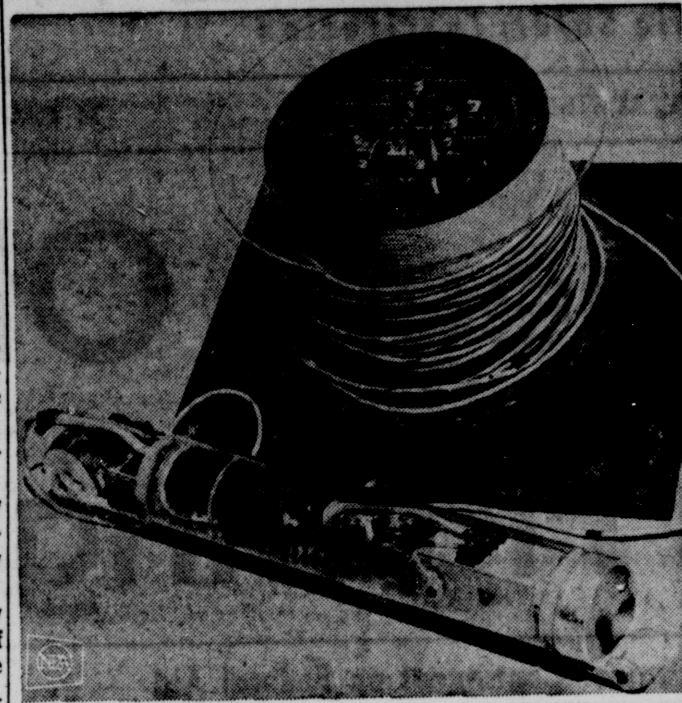

Morton Neipp of Toledo, chairman of the Central Committee; Rudy Stapleton, Fulton County chairman; Jack Sullivan, Mahoning County chairman; Rosemary Cline, Monroe County chairman; Ray Spitzer, Fairfield County chairman, and Dan Duffy of Cleveland, vice chairman of the Cuyahoga County Executive Committee.

Lee Knorek, Wood County chairman, was named sergeant-at-arms. All officers were elected to terms that expire June 1, 1964.

Coleman named a steering committee that will assist the eight top officers in drawing up a constitution and bylaws. Its members include Ron Gosney, Columbiana County chairman.

Coleman said he would name chairman of eight other committees later to carry out specific functions, such as finances.

Tornado Sighted Near Dayton

Nature Hands Ohio Wide Assortment of Weather

By The Associated Press
Mother Nature reached into her bag of tricks late Monday and handed the Buckeye State its widest assortment of weather in weeks.

Threats of tornadoes caused the most anxiety and at least one funnel cloud was sighted, but torrential rain, lightning, hail and light snow also figured in the picture.

The Weather Bureau at midnight extended its earlier tornado alert and expanded the area that might be affected. It included southern counties generally and approximately the southern third of neighboring West Virginia.

An airline pilot saw what the

Weather Bureau later confirmed as a tornado about 15 miles southwest of Dayton. The twister was moving in a northeasterly direction but apparently it did not touch down.

Reports of a tornado were received from northern Preble County near Eldorado, but the sheriff's office said the storm apparently consisted only of rain and high winds. Numerous trees and utility poles fell but no injuries were reported.

At Celina in Mercer County, lightning struck the West Elementary School, ripping its chimney apart and cracking several walls. School Supt. Harold Potts, who said the loss was covered by insurance, suspended classes indefinitely.

A heavy rainfall made small rivers out of streets in Springfield, Columbus and Dayton. There were numerous reports of stalled automobiles, flooded basements and underpasses.

The Cleveland suburbs experienced a brief hailstorm but the downtown area escaped. A half-inch of hail was reported in Berea and there were some disruptions in telephone service.

Youngstown claimed the dubious distinction of having the most freakish weather. Light snow fell in the city for about 10 minutes, although it was mixed with a shower.

Strong wind gusts were reported in Clinton and Butler counties along with other Southwest Ohio areas. In most cases, damage was slight and affected trees and power lines.

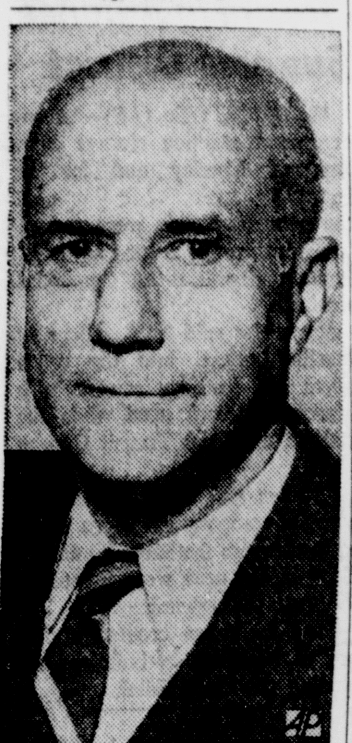

Rainfall amounts had not been computed at the Columbus Weather Bureau, but spokesmen indicated an inch or more fell in most central and southern counties.

Poultry prices at farms, Ohio and southern Indiana, No. 1 quality fryers 14½-16, mostly 15; hens heavy, none; light 7-11, mostly 8-9. Potatoes 2.00-4.75.

DIES IN TRAFFIC CRASH

CHARDON, Ohio (AP)—Wilford Collins, 50, of Willoughby is this Geauga County village's first traffic fatality in 25 years.

The county coroner ruled Monday that Collins died of a crushed chest after his car hit a utility pole early Sunday. At first it was thought he had suffered a heart attack.

Span Was Just North of W. State St. Overpass Site

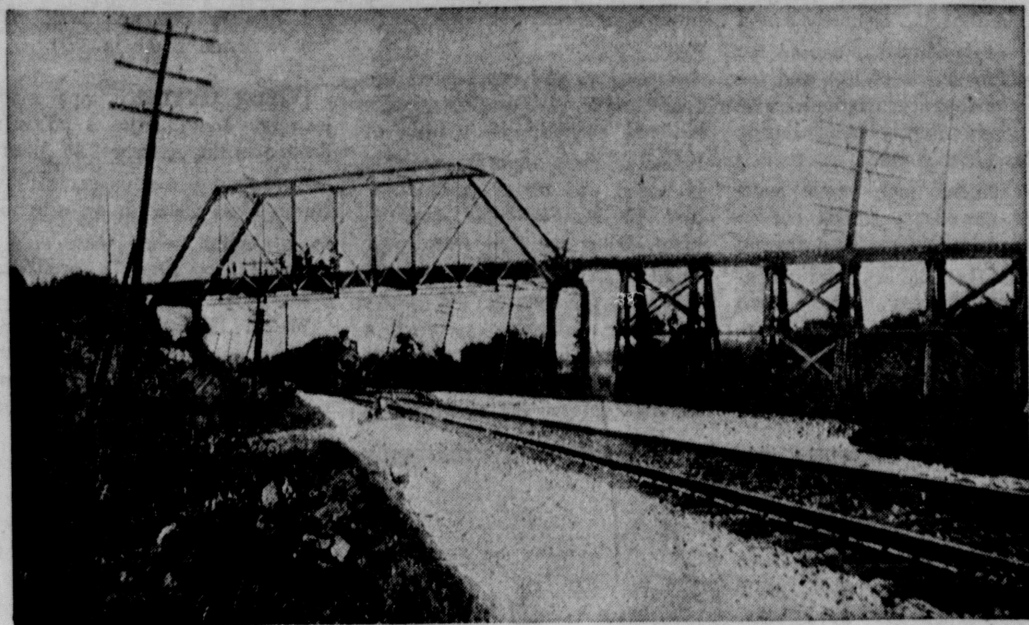

Days of Stark Trestle Are Recalled

By JAMES MURPHY

Construction of the new highway overpass at the West State Street railroad crossing brings to mind the old Stark Electric overpass just north of the present work site and west of the old waterworks pumping station.

Built in 1904, the Stark Electric lasted until 1939, when the entire line, including the trestle, was dismantled for scrap.

Except for the earth embankment, a few timbers, and the concrete abutments, nothing is left of the overhead bridge. Though still traceable along most of its route, the old railway itself is fast-disappearing. Even the huge cut on Blackburn Hill just west of town has been filled in to a great extent.

Where Rail and Trolley Met Near W. State St. Years Ago

drainage is southerly, only one result of changes made by the 300-foot thick ice sheet that once covered Salem and all of northern Ohio.

PAVEMENT OF THE Damascus road in 1917 was only one sign of the beginning of the end of the Stark Electric; economical transportation by car and truck

spelled its death.

When the last car left Salem, July 16, 1939, the company had been operating at a deficit for many years. That day several people, including Carl Juergens and Ross Culberson of Salem followed the last car clear to Lake Park, taking photographs along the way. As far as Salem was concerned, the trolley car era was over.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Health Questions, Answers

Q—How long can a person live after a severe coronary heart attack? My husband had an attack in August 1961. He has been completely disabled ever since and has pain in his chest almost constantly.

Dr. Brandstadt

A—No one can tell how long a person can live after a heart attack, but many a person who has had such an attack and has heeded this warning has lived many years. Much depends on how well care is taken to avoid overexertion and over-fatigue and to obey the simple laws of hygiene.

If your husband continues to have chest pain, it is important to find out whether this is due to his heart or to some other cause. Hiatus hernia (the protrusion of part of the stomach through a weak place in the diaphragm) can produce an almost identical type of pain.

If your husband has true angina pectoris, he should carry nitroglycerin tablets with him at all times and let one dissolve under his tongue when the pain in the region of the heart comes on.

Q—Can rabies be transmitted in any other way than by the bite of an infected animal? Would handling a rabid animal or eating its meat cause the disease? Do birds get rabies? Is it true that bats are the only animals that can live if they have rabies?

A—Rabies is transmitted almost exclusively by the bite of an infected animal. It is possible, however, for it to be transmitted by saliva from such an animal getting into a break in the skin, but this is very rare. Handling or eating the meat of an infected animal would not transmit the disease.

The rabies virus may be carried by any kind of biting mammal, wild or domestic. It is not transmitted by birds. Bats transmit it, but they are mammals, not birds. Another very rare mode of transmission is through working in bat caves in which there are infected bats. The virus, if present, may be inhaled under such circumstances.

Bats do die of rabies, although some apparently harbor the virus in their saliva without developing the disease.

Q—I am a mother of four children. What makes my stomach growl before meals, after meals, at night, or any time at all?

A—The growling is in your intestines rather than your stomach. It is due to movement through the digestive tract of liquid mixed with gas. There is no easy way to get rid of this symptom, but it helps to eat slowly and chew your food thoroughly in a relaxed atmosphere.

If you ask me how you are going to do this when you have four children to take care of, I can only agree that this does complicate your problem. Creating a relaxed atmosphere is an art, and it can be achieved even with four children. It is certainly worth striving for. In addition to this, you should cut down drastically on sweets and starches and, above all, avoid laxatives.

Q—I read your column on epilepsy with interest because I have it. It is well controlled with medicine. My doctor says I have "idiopathic epilepsy." What exactly is that?

A—"Idiopathic" is a fancy term for "of unknown cause." You are in good company, because over 90 per cent of all epileptics have the idiopathic kind.

Articulate Fuzziness

The articulate young man in the White House was rephrasing old arguments the other day when he told the American Society of Newspaper Editors that any sizable cut in his budget would imperil the economy. President Kennedy's presentation should be articulate—he's said it many times before. But his thesis makes no more sense now than it did when he started hammering away at it last year.

What he has been saying right along is that a tax cut will touch off some sort of phenomenal growth in the rate of national growth; a surge powerful enough to offset the mushrooming deficit from continued spending increases.

That still sounds like awfully fuzzy economics. The whole idea cuts harshly across the grain of accepted and orthodox economic practice.

THE PRESIDENT alluded to "an average family man" in a so-called "Random Village" to illustrate the effect his proposal would have in stimulating jobs and personal income.

But if this same average family man in "Random Village" applied the Kennedy technique to his own budget, how far would he get? How could he wriggle out of the financial chaos that would be certain to follow a spend more-earn less policy? He would be off to the "Random Village" poor house in short order.

An essential difference, of course, is that Mr. Average Family Man is spending his own money. The government doesn't have

any money of its own to spend. It, too, is spending Mr. Average Family Man's money.

And that is one of the places where Mr. Kennedy's up-and-down tax proposal falls flat. Since the government can spend only what it gets from the taxpayer, wouldn't the taxpayer benefit if the government spent less?

It makes sense to let the taxpayer spend his money for what he knows he wants instead of signing it over to bureaucrats who spend it for they think the taxpayer should have.

KENNEDY told the editors that "the right way to a balanced budget is to seek first a balanced economy. The tax cuts I have proposed, and the level of expenditures I have proposed, have been carefully fitted together with that chief objective in mind."

That is like trying to put two magnets face to face with the idea that they'll come squarely together and stick. But it doesn't work that way. The tax cut magnet, designed to pull dollars back to the taxpayer, doesn't jibe with the spending magnet which pulls dollars in the other direction.

The President might be well advised to take a look at what an Ohioan named James A. Rhodes is doing in the budget-balancing business. The aim is the same—stimulate the economy and bolster employment—but there the similarity ends.

It will be interesting to see who makes the biggest strides toward the goal. If you're inclined to betting, better double check the odds before putting your money on Kennedy.

The Need Is Mutual

If there is one area of certainty in all the uncertainty surrounding U.S.-Cuban relations it is the sprawling U.S. Naval Base at Guantanamo.

Reports circulated last week that the United States is seeking an alternate base in the Bahamas are only partially true. The navy does want a Bahamas base for submarine testing, but not as an alternate to Guantanamo.

The navy has no intention of abandoning Guantanamo now or anywhere in the foreseeable future. And, despite all his ranting and raving to the contrary, Fidel Castro doesn't want us to pull out of Guantanamo.

Although neither side makes a point of talking about it, both Castro and the United States are dependent on each other as far as the base is concerned.

As Rep. Clarence D. Long, D-Md., pointed out after a recent three-day tour of Guan-

tanamo, the U.S. forces are using Cuban water and Cuban labor and Castro is in dire need of the American dollars he receives for both.

The U.S. payroll for Cuban labor at the base amounts to \$7.5 million a year. The Cuban water supply costs us \$178,000. That is considered modest compared to what it would cost the United States to replace the laborers and supply its own water.

Under a 1934 treaty, U.S. control of the Guantanamo base can be terminated only by voluntary withdrawal or mutual agreement. Don't look for either to happen in the near future.

We need "Gitmo." It's an important outpost in the troubled Caribbean and it's an excellent training center for the U.S. Atlantic Fleet.

Castro needs it, too. Without it he's in bad trouble for a source of foreign exchange.

Democrats Using Old Gimmick

It's a curious war this budget battle in Washington.

Instead of being a contest of legislative wills and wits to see who can do the most for the economy, it is becoming more and more a political game to see who can discredit whom the most.

Take the latest gimmick being used by Congressional Democrats in an effort to steal some of the political thunder Republicans have been making with their budget-cutting task force.

The idea is to look frugal while still getting the big spending across where it counts. It works this way:

Warning Light Needed

Another fatal traffic crash at the intersection of Routes 62 and 165 north of Salem points up the need for a warning flasher light at the busy corner.

The State Highway Department had high embankments cut back at the intersection several years ago and this increased motorists' visibility considerably but that does not alter the fact that the heavily-traveled cross-over could be made safer if a blinker signal were installed. There are similar lights at busy intersections elsewhere in the district but none here. "Why?" residents are asking Division 4 of the State Highway Department. They deserve an answer.

Princesses and Pop By Truman Twill

At the opening of another grass season, I think back with disbelief about one of my ambitions as a teen-ager.

I wanted to get a summer job mowing lawns on an estate situated a few miles outside the town where I grew up.

My hankering for the job came from experiences with grass-mowing on our own place, which was in town, and on my uncle's place in the country. Both had large lawns.

I enjoyed mowing grass so much that a summer of doing nothing else struck me as a fine idea. Six days of doing what I liked to do each week, except when it rained. What could be finer?

What makes it ridiculous is the fact power mowers were almost unknown. In rare instances gang mowers were pulled around by tractors, but only on golf courses.

Estate lawns were done by hand, at least around our part of the country. The prospect of mowing grass with a hand-pushed mower six days a week was pleasant compared with the prospect of doing the other things that loomed on the horizon.

If it wasn't going to be grass it was going to be digging, and if it didn't turn out to be digging, some of it on the same estate where the grass was being mowed by somebody else.

For reasons too numerous to tick off it's harder all the time for teen-age boys to find work in the summertime, and I almost could wish it had been harder to find work in

my summertimes.

It was taken for granted that within a few days after school was out I would start the summer job my old man had lined up for me and work until the Saturday night of the last week before school began. I never had a summer vacation.

Those weren't bob-tailed work weeks, either. That digging job went on for 5 1/2 hours a week, though I can't remember how that half hour got in there. I do remember that on Saturday we knocked off early, to give us time to get cleaned up for Saturday night.

All this in spite of the fact I was not what would have been described as a willing worker. I approached each job like the galle slave scourged to his dungeon, or chained to his bench, or whatever happened to galley slaves.

But at that time teenagers expected nothing better than a chance to work, preferably at something with dignity, like pushing a lawn mower on an estate for 10 hours a day, seeing the occupants come and go and maybe tugging a forelock at some privileged princess of leisure who would invite me to have some pop with her under a tree.

Today if you suggested to a teen-ager he might like to do the front yard with a hand mower for 50 cents and do the whole lawn with light trimming around the edges for a buck he would turn in the Society for Prevention of Cruelty to the Helpless. Even with princesses and pop.

JFK's Critics Can Be 'Selective' on Steel Prices

By DAVID LAWRENCE

"Selective" price increases have been in the news lately, and now President Kennedy has become is using in an attempt to justify a cut in tax revenues simultaneously with increases in federal deficits that are expected to result from higher government spending.

David Lawrence
The President, however, is ig-

noring some of the important economic facts of life. His critics can become "selective," too, and point out that Mr. Kennedy hasn't really explained what caused the \$12 billion deficit of 1958 and the recession that has continued with only slight improvement during the last five years.

One salient fact, often overlooked nowadays, stands out in history. It is that on the economic front in the last 50 years recessions and depressions have been caused basically by war and its aftermath.

To say, as Mr. Kennedy did last Friday, that the failure of

Congress to permit the debt limit to go up in 1958 and the resultant stretch-out in defense spending brought on the recession is to oversimplify.

Recessions and depressions are really major readjustments in the national economy — periods of transition from abnormal to what is hoped will be a normal posture in business and employment. When the first world war broke out in Europe in August 1914 and for nearly 2 1/2 years thereafter, America suffered a severe loss in world trade but things began to boom when America entered the war in April

1917.

The after-effects of the war—the painful readjustment — were felt first in 1919 and 1920, and the recession came in 1921.

UNFORTUNATELY, one readjustment doesn't cure a postwar decline in the economy. So America struggled unsuccessfully through the 1920s in an attempt to overcome what was widely called at the time "a profitless prosperity."

Finally, the whole world experienced a major depression, which began in 1929. Some of the European nations recovered to some

extent, but America went through the 1930s with an average of nearly 10 million unemployed and unprecedented deficits.

Government spending failed to bring about an adjustment to the economic consequences of World War I.

It was not until after the European countries began to buy heavily from the United States in 1940, to enable them to fight World War II, that the economy of this country got a big lift and unemployment was relieved.

Then, when America entered the war in 1941, the whole business situation received a spending stimulus which continued through 1945. This was the longest and largest period of government spending America had ever experienced during a war. The first recession of the postwar era then came in 1946, but it was not until 1949 that the second recession — which is usually far more extensive than the first — got underway.

If it had not been for the Korean War, which started in June 1950 and lasted through the middle of 1953 — another period that required heavy spending by government — there might have been a serious depression immediately.

The Korean War really staved off the major economic decline that becomes inevitable after a big war.

WHAT HAPPENED in 1958 in the national economy, and in the five years thereafter, appears to have been an attempt to absorb the economic effects of both World War II and the Korean War.

This was complicated by the continuance of huge expenditures for armament annually in the "cold war." These outlays now have reached \$50 billion a year.

While the national business mechanism has expanded with the increase in population since the days of World War II, the enormous spending by government for armament in the 13 years since 1950 is an economic fact of life which is too often ignored. It's a vast sum that year after year is used to supply non-productive goods.

It is an artificial stimulant. The normal processes of business are impaired. Also, wages and prices — which remain stagnant during wartime — are abruptly and unevenly moved upward faster than the economy can digest the changes.

Tax cuts now, even when spread over three years, will not bring normalcy in business. The amounts are relatively small. Other factors may prove disruptive.

Thus, bookkeeping profits may seem big, but if the Kennedy administration has its way and corporations are compelled to change their dates of payments to achieve a pay-as-you-earn basis, it may be 1968 before the actual dollars paid out for taxes by large companies are brought down to the level of the amounts owed by them on a yearly basis.

This interference with cash flow and with the use of profit money in business operations can retard recovery and keep unemployment up.

THE COUNTRY doesn't need more government spending — beyond the needs of defense — but less. The country needs a five-year program built on private spending that can spell confidence.

The President was right last week in referring to psychological factors in the matter of price rises. But, along that same line, even more important now is the presence or absence of a psychology of confidence in what an administration in Washington may do to interfere with or strengthen the laws of supply and demand in business.

This is the determining factor in bringing the economy back to the healthy processes of private enterprise.

"I'm Surprised You Haven't Met Penelope Before, ESPECIALLY Since You're Both Hard Nose Military"

New Star On Labor Front

By VICTOR RIESEL

A star may have been born during the four-month New York newspaper blackout—a man few really know even today, as the presses whirl merrily. We'll know on the evening of May 15. On that day Bertram A. Powers, leader of the strike, cussed by millions, clobbered by the President, cut

from the granite of a John L. Lewis, stands for reelection in his International Typographical Union local, the "Big Six."

If his people, and there are 11,300 of them, give him a handsome margin, a new national labor leader will emerge, though this is a local poll.

If his victory margin is slim, he loses even while winning.

If he is defeated he goes back to the shop — and six transit gloria muscle. The latter is the word he loves to use as a symbol of labor's united strength.

Elections in the "Big Six" are no bugaboo balloting. Leaders have been toppled before.

In the last election (1961) Bert Powers won solidly, but not spectacularly. He polled 5,080 to his opponent's 3,511. This is a margin of 1,569. A switch of 800 ballots would have put him temporarily in limbo.

Both sides work hard in these campaigns. There are two permanent "political" parties in the international union — real parties with headquarters. One is the Progressive party, led here by Powers, with offices at The Times Square Hotel. The other is the National Independent party, also with offices across the land.

Actually, Powers today is running against a united front of all his opposition, known as the Big Six Coalition Group.

Its candidate is John M. Kepple — his group's literature has phrases such as vote "for officers who will serve you rather than use you . . . and for officers who will be neither international cats-paws nor local rubber stamps."

Despite the coalition the odds are on the implacable Mr. Powers, stone-faced to the public, but respected by his men. This is a union in which there is a straight count. The printers vote in each chapel — newspaper or job printing plant. It's a secret count — and Powers has made many enemies.

The opposition may beat him — but if they don't, he fills a vacuum in a mighty big industry. Printing, running just behind the clothing

LITTLE LIZ

Maybe all this country needed was a good five-cent stamp.

field, is New York's second largest industry.

As leader of the pace-setting union involved, he would take on national stature and his succession to the international presidency of the 110,000-member International Typographical Union is assured. He can wait. He is 41.

He will make his voice heard even as a local leader at the next which opens at New York Nov. 14.

Should he take the international presidency in a few years by succeeding the incumbent, Elmer Brown, he would be in line for the AFL-CIO national Executive Council, now replete with "emeritus."

If he takes the May 15 election, he'll be heard from loud and clear as was John Lewis in earlier days—to the turbulence of which the wheel of time is turning on the automation - blighted labor front.

If a lot more of us — any of us — had really covered him in the past we would have known that he is capable of moving in broad, daring maneuvers. He tackles the giants. The tip-off should have come some four months before the newspaper strike began. On Aug. 29, 1962, to be exact. At that time he dispatched a letter to some of the nation's biggest corporations.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I am 17 and already my life is messed up. Ted and I went steady for six months and we began to do things we had no right to do. I became pregnant.

We both quit school and got married right away. My folks thought it would be best if we moved out of town, so we did.

I hate my life and what I have done to Ted. The baby cries all the time and gets on Ted's nerves. He drinks too much and I can't blame him. We live in a dump and there is no money for sitters or movies or decent clothes. Ted never says anything but I know he must hate me because I got him into this. I'm afraid he hates the baby, too. He never holds her or pays attention to her.

There are times when I think this is all a bad dream and I'll wake up at home in my own bed, and get dressed and go to school with the kids I liked so much. But I know too well that those days are over for me and I am stuck.

I'm not writing for advice. It's too late for that. I'm just writing in hopes you will print this letter, for the benefit of other teen-agers who think they know it all — like I did. — WRECKED AT 17.

Dear Wrecked At 17: I hope your letter shakes up the teen-agers who are behaving as you and Ted did during your dating days.

Parlor Acrobat

Dear Ann: My wife and I have a lot of company. Friends and relatives seem to be here all the

time. Every time a certain man leaves we have an argument. Maybe you can settle it.

What, if anything, should be said to a guest who sits in a chair balancing himself on the two back legs as he leans against the wall?

I'd like to tell him to stop because it makes me nervous. My wife says you can't tell an adult how to sit in a chair. I disagree with her. Whose side are you on?—PUZZLED JOE.

Dear Joe: I'm on your side. When adults behave like kids they should be treated like kids. If the guest should break his neck in your home you could be sued. A simple sentence would do it. Sample: "Please don't sit like that. You make me nervous."

Swimming Lesson

Dear Ann: My wife has been nagging me for the past two months that this summer we must fill our swimming pool with dirt so she can have peace of mind.

Last summer our neighbors lost a 4-year-old boy in a swimming pool accident. The pool belonged to a friend in another city and my wife hasn't been the same since. She keeps telling me she is sure one of our three will meet with the same fate if we don't fill up the pool.

Our kids enjoy the pool and the two older ones are fairly good swimmers. The youngest is learning. Please tell me what you think of this. If I am wrong I wish you'd say so.—MR. YAK.

History Today

Today is Tuesday, April 23, the 113th day of 1963.

There are 252 days left in the year.

Today's highlight in history: On this day in 1896, the first screen-projected motion pictures were shown to the general public in New York.

On this day: In 1789, President-elect and Mrs. George Washington moved into the house in New York City which became the first presidential mansion.

In 1883, Britain's Queen Victoria instituted the Order of the Royal Red Cross.

In 1930, the first anti-prohibition conference called by women met in Cleveland.

In 1941, King George II of Greece fled to the island of Crete during World War II.

In 1946, 50,000 government workers ended their strike in Palestine when their demands for higher wages were met.

Today's birthdays: Canada's new prime minister, Lester Pearson is 68. Actress Shirley Temple is 35.

THE COUNTRY doesn't need more government spending — beyond the needs of defense — but less. The country needs a five-year program built on private spending that can spell confidence.

The President was right last week in referring to psychological factors in the matter of price rises. But, along that same line, even more important now is the presence or absence of a psychology of confidence in what an administration in Washington may do to interfere with or strengthen the laws of supply and demand in business.

This is the determining factor in bringing the economy back to the healthy processes of private enterprise.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Citizens Group To Study Problem Of Girl Scouts

A citizens' committee to study the possibility of a merger of the Salem Girl Scout Council with Girl Scout councils of three counties will be formed soon.

The decision by the board of directors of the local council to form the citizens' committee was made as a result of a special meeting Monday night in the Memorial Building when approximately 75 adult citizens attended to consider opinions concerning the merger which has been proposed by national Girl Scout headquarters.

The consensus of the men and women at the meeting was that they do not like to see Girl Scout leave Salem, which some adults have suggested be the alternative to agreeing to the merger. However, most of those who voiced their opinions at last night's meeting also declared they did not like the idea of the Salem council merger with all the Girl Scout councils in Columbiana, Trumbull and Mahoning counties.

Heavy applause followed a plea by John Herman for continuation of "home rule."

Mrs. Amil Cosma, president of the local Girl Scout Council, said the citizens committee will be formed soon and will seek to get "further needed information" about the proposed merger from regional Girl Scout officials in Cleveland.

one hour daily for two weeks; and driver training, 36 hours of class instruction, 24 hours in the car with a minimum of six hours behind the wheel. The driver training schedule will be arranged after the first class meeting.

Courses to be given on the elementary level are reading, English usage, arithmetic, typing, art, dramatics and science. All are given for students in fourth through sixth grades except typing which is for fifth and sixth graders only.

Smith says no pupil will be admitted below the fourth grade. Classes will last two hours and an additional fee of \$1 will be charged for vocabulary-building study material which will become the property of the child.

Fees for all permanent residents of the Salem City school district will run \$12.50 for two hour courses and \$15 for four-hour courses. For pupils outside the school district fees will be \$20.50 for elementary pupils and \$25 for secondary pupils and those interested in driver training.

Teachers will be paid \$4.25 per recitation hour, with driver training teachers earning \$2 for each hour of in-car instruction.

Two Men Held In Theft of Motors

SEBRING — Charged with larceny and held under \$1,500 bond in the Sebring Village Jail are two area men, Chester Winters, 24, of North Georgetown, and Charles William Rouse, 33, of Alliance.

The two were bound over to the Mahoning County grand jury at a preliminary hearing Monday before County Judge John A. Reddy.

Sebring police, with the cooperation of Knox Township constable Merle Hardy and Arthur Eells, Mahoning County deputy sheriff, apprehended Winters on State St. in Salem and Rouse at his home Saturday.

The men are charged with stealing four motors on or about April 3 from Pressweld, Inc., located on W. Georgia Ave. in Sebring. Sebring police were notified through a tip from an employee. Both men had been previous employees of the company.

Winter pleaded not guilty and Rouse pleaded guilty.

They were also charged before Judge Luther Donbar of Salem with receiving and concealing stolen property. The arrest on the charge was made in Columbiana County.

Representatives of the United Steel Workers and the American Iron and Steel Institute were invited to send observers and promised a chance to comment day by day on the technical testimony.

At a question and answer session with the American Society of Newspaper Editors Friday Kennedy gave the steel industry credit for "some restraint" in the new wave of price increases and expressed the hope steel users and union members would help hold the line.

The steelworkers' contract is re-openable for wage negotiations at the beginning of May.

sentence was "necessary in the national interest." He said the government had assured him the move would help secure the release of the 21 imprisoned Americans.

The Cubans were indicted on sabotage conspiracy charges by a federal grand jury following their arrest here last Nov. 16. They are Roberto Santiesteban Casanova, 27, an attaché with the Cuban mission to the United Nations; Antonio Suiro, 23, a Cuban living in New York, and Jose Garcia Orellana, 43, a naturalized American citizen who operated a costume jewelry shop here.

Federal agents confiscated a large amount of explosives from Garcia's jewelry shop when the three were picked up. Sources in the U.S. attorney's office said the trio planned to throw hand grenades into crowds of Manhattan shoppers and blow up oil refineries in New Jersey.

The indictments against the three were dismissed by Judge Thomas F. Croke in U.S. District Court in Manhattan late Monday. Molina fatally wounded the Venezuelan child, Magdalena Urdaneta, during a Manhattan restaurant fight between a group of supporters of Cuban Prime Minister Fidel Castro and anti-Castro demonstrators. She had been visiting the United States with her parents.

Two Sebring Cases Before Grand Jury

SEBRING — Among other cases the Mahoning County grand jury now in session is considering an arson charge against George Calderone of Sebring, suspected of setting a fire in Sebring High School in January, and Dale Court of here, charged with a February breaking and entering. The grand jury is expected to complete its investigations by the end of the week, according to Mahoning County Prosecutor Clyde Osborne.

FINED BY MAYOR

Gerald Lynn Powell, 19, of RD 2, King Road, Salem, was fined \$15 and costs in Mayor Dean B. Cranmer's office Monday evening for reckless operation.

The charge was brought at 12:05 a.m. Monday against Powell who was stopped by city police as he operated a car at the corner of State St. and Ellsworth Ave.

In the mayor's court this morning, Frank Chalan, 28, a Camb County, Pa., trucker, was fined \$25 and costs for overload.

Court Hands Boys Rules To Abide By

Four youths arrested over the weekend for stealing have been allowed to return to their homes but are on probation until they become 18 years of age.

The boys admitted taking between \$4,000 and \$5,000 worth of goods and money from eight local homes since January. Three of the boys are from Salem. The other youth is a resident of Sebring but formerly lived here.

The four were given suspended sentences to the Boys Industrial School at Lancaster. If terms of their probation are violated, the boys could be sent to the industrial school immediately without further hearing.

The youngest of the boys, 14, had been involved in only one theft. Two of the boys are 15 years of age, and the oldest is 17.

Must Abide By Rules
Terms of the probation include: Payment by each of the three older youths of \$50 a month until \$1,000 has been paid. The youngest must pay only \$200.

None of the boys may apply for a driver's license until he is 19.

A 5 p.m. curfew must be observed by each of the four boys for one year. They may leave their homes after 5 p.m. only if accompanied by their parents.

Each must attend the church of his choice regularly.

They may not associate with each other.

They must show general good behavior.

Juvenile court officials have designated the boys' parents as probation officers with the responsibility of reporting to the court any violations. Failure to report any such violations will result in the parents' being prosecuted under contempt of court.

Coy has been serving this year as a substitute for Thomas Starkey, shop teacher who has been on leave to work toward his master's degree in guidance work at Philadelphia.

Mrs. Nelson Bailey, junior high language arts teacher, was placed on a continuing contract.

Also reported was the receipt of National Defense Education Association fellowships by four teachers who will attend sessions this summer. Traveling to the University of Illinois at Champaign will be Mrs. Jane Eckstein and Harold Paxson, junior high math teachers. Mrs. Ruth Zeller, German teacher, will study at the University of Wisconsin at Madison and Walter Newton, science teacher, will travel to Miami University.

West Point Bridge Repaired By State

Maintenance forces from the Division 11 office of the State Highway Department have completed repairs to the bridge on State Route 45 at West Point, which was damaged by an ice jam about a month ago.

Division Deputy Director Earl W. Nelson said that the Division bridge crew completed replacement of portions of the timber piers and replaced steel ice guards around piers. Two-way traffic was restored to the structure Friday.

High waters in Little Beaver Creek had prevented earlier completion of the repairs.

A word of advice for reckless investors (DON'T)

Good investors are careful investors—not "hot tip" plungers.

If you have some money left (after taking care of your usual expenses and setting aside something for emergencies) and you're considering investing, come and see us.

We can help you get started the right way. We can help you decide which might be the wisest for you: to invest with the aim of a second income; or for the possibility of stocks growing in value; or for the greater stability of principal and income usually found in high grade bonds—or for some combination of these.

A letter was read to Council from William A. Miller, Ohio Highway Department Division 11 engineer, reporting on roads within the village which the state will repair. He listed Routes 30 east, 45 north and 164 from Washington to Route 517. He also requested the village to send in requests for repaving of state routes within the village limits.

Council discussed purchasing a new street sweeper, but will secure figures on having the work done by private firms before taking any action. The cost of the sweeper would be in the vicinity of \$13,000.

Councilman Raymond Dixon was authorized to contact a company in Chagrin Falls, asking that it send a representative to Council's next meeting to go over the costs of having the work done.

Clerk - Treasurer Ray Hempstead reported that after current bills of \$4,847 were paid, \$5,067 would be left in the village general fund.

The Mid - County Republican Club issued a special invitation to Council and village officers to attend its meeting May 2 at 7:30 p.m. in Village Hall.

Council's next meeting will be May 13 at 7:30 p.m.

BOY BITTEN BY DOG

Mrs. Albert Beaumont of Pigeon Road reported to police that while her son, Dale, 11, was on his way from Fourth St. School to Junior High School at noon Monday, he was bitten on the left leg below the knee by a dog.

The boy was treated at the Central Clinic Hospital and released.

School Board to Borrow \$180,000 to Meet Expenses

The Salem Board of Education voted Monday night to borrow \$180,000 to meet the next two payrolls and other expenses. Clerk Wallace King said bonds are coming due for payment in May, in addition to the need for paying salaries.

The board also agreed to purchase \$2,143 of equipment for the technical school. The board will be reimbursed \$2,000 on the purchase.

Prince Souvanna Phouma conferred with Kong Le, who flew in from his new headquarters at Muong Phan, seven miles west of the Plaine des Jarres. The neutralists are trying to regroup there.

The premier said both Kong Le and the Pathet Lao, headed by his half-brother Prince Souphanouvong, had agreed to continue the truce.

Gen. Phoumi said he had agreed to have a truce team of the International Control Commission stationed at Kong Le's new headquarters.

Informed sources said Souphanouvong also agreed to the presence of an ICC team with the neutralists but refused to allow one at his own headquarters at Khang Khay. The commission was set up under the Geneva agreements to supervise the armistice in Laos, but its movements must be approved by all three factions in the coalition government. The commission's members are India, Canada and Poland.

Two Plead Guilty, Request Probation

LISBON — Two women pleaded guilty and requested probation at arraignment Monday before Common Pleas Judge Raymond S. Buzzard.

Ruth S. Wright of Hubbard, was indicted for possession of narcotics in East Palestine Oct. 10, 1962, and Mary Delillo of East Palestine RD 1, was charged with theft at Bargain Center in East Palestine. Probation investigations were ordered by the court.

Mollenkopf-Cowan Nuptial Date Set

Saturday, May 4, is the day chosen for the wedding of Miss Natalie Elaine Mollenkopf of Petersburg and Gary Paul Cowan of New Waterford.

The daughter of Mrs. James Mollenkopf and the late Mr. Mollenkopf and the son of Mrs. Paul E. Cowan and the late Mr. Cowan will be married at 7:30 p.m. in the Petersburg Presbyterian Church. A reception will follow in the church social room.

Relatives and friends are invited to attend.

Miss Mollenkopf is a student at Youngstown University. Her fiancé is employed by Peterson & Webster, electrical contractors, of Youngstown.

Baird-Edgerton Nuptials Held In Leetonia Church

Rev. Albert Oakes officiated at the double-ring ceremony Saturday evening at the Leetonia Methodist Church uniting in marriage Miss Ruth Ann Baird, daughter of Mr. and Mrs. Wilbur E. Baird of RD 2, Leetonia, and Ronald Lee Edgerton, son of Mr. and Mrs. Gilbert J. Edgerton of Leetonia.

Palms and ferns decorated the altar flanked by four vases of gladioli and palms and two seven-branch candelabra. White pew bows completed the decor. Mrs. Merle Davis of Columbiana was organist.

Given in marriage by her father, the bride wore a white street-length gown with a moderately scooped neckline coming to a V in the back. The gown had three-quarter length sleeves of Tuscany nylon lace over taffeta and a full skirt of nylon chiffon over taffeta and net.

Her full-length veil of old English lace with a crown of preserved orange blossoms and seed pearls was imported from England and lent by Mrs. Jacqueline Burgess Prior.

The bride carried a bouquet composed of a white orchid, stephanotis, feather carnations and

ivy arranged on a white Bible which was a graduation gift of her grandparents.

Miss Nova Jean Edgerton, sister of the bridegroom, was maid of honor and wore a street-length jacketed dress with a bateau neckline and soft gathered skirt made of lavender satapeau over pink taffeta with a matching Dior bow and veil. She carried a cascade arrangement of pink carnations and violets with pink streamers.

David McAfee of Leetonia was best man. Ushers were William Edgerton of Leetonia, brother of the bridegroom and James Stamp of RD, Hanoverton, cousin of the bridegroom.

Mrs. Baird chose for her daughter's wedding a sheath dress of Calais beige lace over taffeta with a matching jacket and beige and brown accessories. She also wore a beige cymbidium orchid.

The bridegroom's mother wore a dark blue Schiffl embroidered sheath dress with white accessories and a white cymbidium orchid.

A reception in the church social rooms followed the ceremony. A four-tier square wedding cake was topped with a miniature bride and bridegroom and circled at the base with greens and florets. The table was laid with a hand-crocheted cloth made by the bride's mother. Crystal candlesticks and dishes flanked the cake.

Mrs. Richard Kyser of Leetonia registered the 200 guests. Serving were Mrs. Gladys LaRue of Ellsworth, Miss Laura Baird of Warren and Mrs. W. H. Baird of Salem, aunts of the bride, and Beverly Sadler of Lisbon, cousin of the bride.

The bride wore a brown and black jacketed dress of cotton batiste with a white cotton eyelet lined bodice and a corsage of the orchid from her bridal bouquet for her going-away outfit.

A 1960 graduate of Fairfield-Waterford High School, the bride has been employed as an assistant dispatcher for the Beacon Ambulance Service, Inc. of Leetonia. Her husband, a 1957 graduate of Leetonia High School, attended meat-cutting school in Toledo and is now a pharmacy specialist in the Army, stationed at Aberdeen, Md.

The couple will reside at RR 1, Box 23, Edgewood, Md.

Mr. and Mrs. Gilbert J. Edgerton were hosts at the rehearsal dinner Friday in the church social rooms.

Mrs. Frances Pattay and Mrs. Dorothy Glass of Cheshire, Conn., spent the weekend with Mrs. Pattay's parents, Mr. and Mrs. Carl Juergens of N. Broadway. The Juergens returned with them and will spend several weeks with their daughter.

The Jack Welsch family of 4161 Stump Avenue, SW, Richville, just south of Massillon, Ohio, relax in the clean, comfortable, draft-free warmth of their electrically heated home

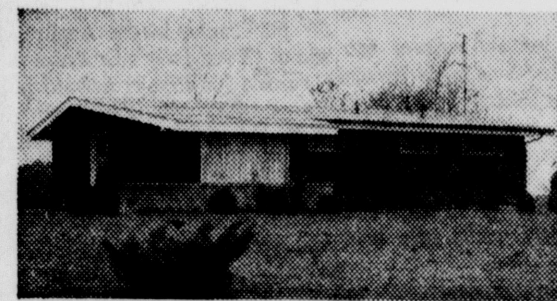

"...electricity just can't make dirt..."

says Mrs. Jack Welsch.

"Like all women I like to rearrange my furniture from time to time. With electric heat in the ceiling I can put furniture anywhere because I can use every inch of floor space.

"There isn't a corner of the room that isn't comfortably warm all the time and we have no cold spots or drafts. Electric heat is so steady and even you forget you have a heating system at all.

"And, of course, a woman really appreciates the fact that electricity just can't make dirt. My cleaning is cut to a minimum now that we have electric heat."

The Welsch home, built in 1959, has 1,244 square feet of living area and flameless electric ceiling cable heat.

Over 1,000 families in our service area are now enjoying the extra advantages of flameless electric home heating. Before you build, buy or remodel, call our electric heating man for complete information and accurate cost estimate on electric heat in your home. There's no cost or obligation. Just call our nearest office.

Hints From Heloise

By HELOISE CRUSE

DEAR HELOISE: This is for mothers who use the new disposal baby bottles. Recently we took a trip with our small baby. As we were travelling by car, I was concerned as to how to warm his bottle without stopping at restaurants.

I finally decided to fill a wide mouth thermos bottle with boiling water. When feeding beautifully!

I have also tried using hot water from a faucet but it did not seem to stay as hot as the water I boiled on the stove. Another thing... fill it only about half full. Then when the baby's bottle is set down inside it will not overflow.

M. REDDINGTON.

DEAR HELOISE: With a house full of children, I get pretty disgusted when their tricycles and toys hit the edge of my furniture. I have scratches all over the house, from one kid to the next. Here's how I solved my problem:

I went to my dime store and bought a box of crayons. I took the black crayon and went over every scratch on my black furniture. With the mahogany furniture I used the dark brown crayon.

After this I rubbed and buffed the marks thoroughly with a dry piece of towel.

The wax from the crayon fills up the scratch and allows it to become unnoticeable. I find this much better than iodine.

P. A.

DEAR HELOISE: Just how do I clean a really dirty shower curtain? I also have mildew on the bottom of the curtain.

DISGUSTED.

DEAR DISGUSTED: Here's our answer and we have tested nearly everything:

Put your shower curtain in a washing machine. Add two white terry-cloth bath towels. (And it "AIN'T" going to work without the towels so pick up two and throw them in.)

Fill your machine with hot water (and it should be at least 140 degrees according to all the home economists that write to us.)

Add one-third cup of household bleach, one-third cup of ammonia and not more than one third cup of detergent. (Read directions on side of detergent package). Let curtain run through the entire cycle of the machine.

Fill machine again with hot water and run through entire cycle again and when it gets to "rinse" add one cup of vinegar. Do not rinse the vinegar out.

If you have a thick hem on the shower curtain, take your pinking shears and cut it off. Most mildew starts here as the water accumulates in the hem. If your curtain is very expensive

and you don't want to cut the hem off... did you know that you could hang it wrong-side-out so the fold in the hem would be on the outside and then the water could drip on into the tub instead of accumulating there?

Why manufacturers don't hem the bottom edge in the opposite direction... amazes me!

HELOISE.

A buffet supper for the cast of the recent American Legion minstrel was held Saturday evening at the Legion home, with 65 guests present.

Color slides, taken at the minstrels the past three years, were shown by Walter McCoy.

The Double Four Club met with Mrs. Randall Forbes of W. Lincoln Way Saturday evening.

The club will meet May 4 with Mrs. M. J. Freshley of E. Chestnut St.

THE QUARTERLY MEETING of the Willing Workers Class of St. Jacob's United Church of Christ will be held tonight at 7:30 in the fellowship hall of the church.

Pictures of a trip to the West Coast will be shown by Mrs. Carl Armstrong.

Mr. and Mrs. Harry DeTemple of E. Lincoln Way have returned from a week's vacation trip, during which they visited Mrs. DeTemple's son, Lester Sexton of Chicago, and Mr. DeTemple's sister, Mr. and Mrs. Clarence Brown of Chambersburg, Pa.

Fourteen members of the seventh grade Sunday School Class of the First Christian Church and their teacher, Mrs. Richard T. Mason, took a hike Saturday afternoon. They started near the home of Mr. and Mrs. Paul Mollenkopf of Fairfield Road, hiked across to the Churchill Road and back to town.

MISS DEANNA SERAGO, daughter of Mr. and Mrs. Harry Serago of E. Chestnut St., a 1962 graduate of David Anderson High School, has accepted a position in the bookkeeping department of the Firestone Bank.

Miss Serago was formerly employed in the Columbiana County extension office.

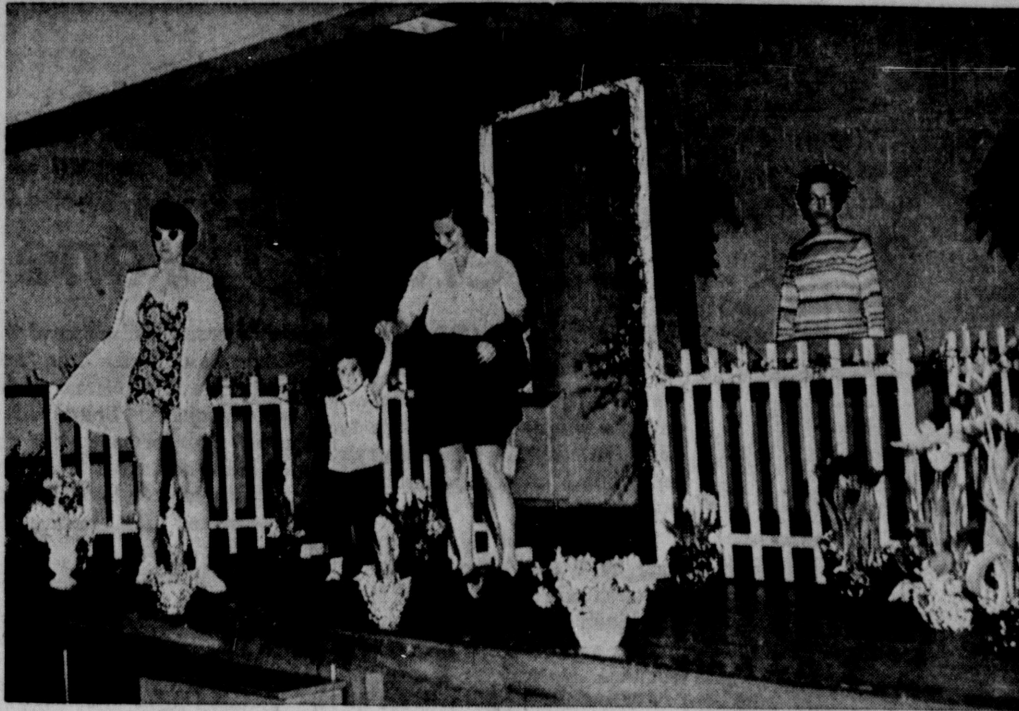

Mrs. Richard Bowling and Mrs. Ralph Boso, advisers, and 35 4-H club girls hiked to the Morgan monument Sunday afternoon, where they were met by several of the girls' parents, who brought lunches the girls had packed before they left home.

The group started from the Boso home on E. Washington St., hiked across the Little Beaver Creek, through Jordanville, then took the Old Steubenville Road to Prosperity on Route 518 and east to the monument. The trip took two and one half hours.

Each girl received credit toward her snack-packing and photography project, besides the health and safety project.

BOY KILLED BY BUS

AKRON, Ohio (AP) — Gregory Roberts, 7, died in Akron Child's hours after being struck by an empty school bus on Ohio 76 near his home in Lodi, Medina County. The bus driver was not held.

YWCA STYLE SHOW — Participating in the style show at the YWCA mother-daughter party Sunday afternoon at the "Y" were (l. to r.) Miss Penny Smith, Jana Lee McGuire, her mother, Mrs. Charles McGuire, and Miss Susan Sweet. The party touched off a round of festivities being held at the "Y" in observance of National YWCA Week. Open house will be held by the local chapter each day from 9 a.m. to 5 p.m. and 7 to 9 p.m.

"Sit like a lady, stand like a damask covered table centered with a silver compote of daffodils, grape hyacinths and nosegays of violets flanked by triple branching silver candelabra holding yellow candles. Appointments were yellow and white. Mrs. Charles McGuire and Mrs. Robert Lover were in charge of the punch table.

Special prizes were awarded to Mrs. Walter Minth, Marylou Woolf, Miss Alice Whinery, Mrs. Donald Oesch and Jayne Lippatt.

Mrs. Robert Kaminsky and Mrs. Neumann were co-chairmen in charge of arrangements for the party, assisted by Mrs. Franklin Henderson, Mrs. Don Oesch, Mrs. Wayne Brown, Mrs. Jerry Shasteen, Mrs. James Shasteen and Mrs. William Thiel.

Proceedures for entering an automobile, sitting gracefully and just plain walking were explained by Miss Welsh to the attentive audience.

Preceding Miss Welsh's program, a style show was presented, with costumes provided by McCulloch's store. Mrs. E. C. Neumann introduced Mrs. Bruce Carlton, who was mistress of ceremonies for the showing.

Models appeared through a forsythia garlanded gate onto a garden-like stage with pots of hyacinths and tulips, furnished by the McArtor Floral Company, and bowls of daffodils placed in front of the white picket fence and behind the footlights. Following a description of their apparel the models descended center stage steps and walked down an aisle through the audience.

Taking part in the style show were Della Longworth, Susan Sweet, Karleen Johnson, Vicki Neumann, Mary J. McLaughlin, Penny Smith, Corrine Carlton, Danny Kaminsky, Mrs. Robert Love, Mrs. Charles McGuire, Kay Koontz, Sally Minth, Patty Tolerton, Jayne Patterson, Susan Neumann, Abbie Chappell, Sara Krichbaum, David Henderson, Wendy Love, Jana Lee McGuire and Charles McGuire.

Featured on the program was a girls ensemble from Salem Senior High School comprised of Marylou Woolf, Sandra Hunston, Linda Hrovatic, Patty Allen, Becky Taylor, Michele Atkinson, Vicki DeJane, Peggy Wilson and Linda Kekel. They sang three numbers, "Nocturne," "Charlie My Darling," and "Lolly - Tu - Dum." This group of sophomore girls won a superior rating at both district competition at Canton and state competition at Kent.

A tea followed the program. Mrs. Guy Byers and Mrs. Leland Patterson presided at the silver services at each end of a white

Vote Set on Mooshine Bill

Ohio Legislative Fare Meager Today

COLUMBUS, Ohio (AP) — The Senate rescheduled a vote today on a bill to slap non-removable fines or jail sentences on bootleggers and moonshiners.

The bill to prohibit courts from suspending any part of a mandatory \$100-\$1,000 fine and - or 30 days to six months in jail on manufacturers and purveyors of unlicensed whisky or beer was styled in the Senate Monday because only 25 of 33 members were present, including one of two sponsors.

Were it not for that scheduled vote, this might be a dull legislative day indeed. No other floor votes are on tap except for Senate consideration of measures to:

Make permanent a House-approved measure to give "antique-vehicle" registration to autos more than 35 years old.

Permit South Bass Island (Put-in-Bay) to close off non-state highways for sports-car racing.

The house received two resolutions Monday night.

The first requested Congress to return one per cent of federal income taxes to states for educational purposes.

The second requested study of property tax in Ohio.

It was a slow start for the 16th work week of the 105th General Assembly.

Coming up, however, in a House floor vote Wednesday is a measure designed both to building up a depleted unemployment benefits fund as well as reducing benefits opportunities for thousands of potential recipients.

Elmer F. Cope, state secretary-treasurer of the Ohio AFL-CIO, estimates what he calls the law's changes and "gimmicks" could cut more than five million weeks from potential unemployment payments in the next eight years.

He adds: "It wouldn't be the employers' taxes but the deprivation of the unemployed which would foot the bill for building up the benefits fund for the unemployed."

Business and industry, on the other hand, have maintained ever since the Democratic-controlled legislature of 1959 that liberalization of benefits in that year ran the fund down to its present dangerous level.

The bill, which has been in a subcommittee for some weeks, is due to be reported to the full House Industry and Labor Committee tonight.

MAN DIES OF BEATING

DAYTON, Ohio (AP) — A 58-year-old Dayton man, apparently beaten during a robbery, died Monday in St. Elizabeth Hospital.

Lee Arthur was found Sunday in a near South Side yard. Police said his pockets had been torn and articles scattered around the area. He never regained consciousness.

TWISTER — Tornado which ripped through Bourbonnais, Ill., is shown here as it crosses U.S. highway 54, north of Bradley, Ill. Photo was made by a passing motorist.

Civil Defense Signals To Be Aired Thursday

Columbiana Plans Siren Test

COLUMBIANA — A special test of the civil defense siren will be made at 4 p.m. Thursday.

The test is being conducted to ascertain which of three buttons will be used for the Civil Defense "alert" and "all clear" signals. Firemen will continue to be summoned by the "all clear" signal, while the final determination of signals for "all clear" will be recorded for possible future use.

One-hundred-eighty blood donors will be needed to fill the 125-pint quota needed to keep the hospital supply at a safe level, when the Red Cross Bloodmobile arrives at Grace Church May 6.

Hours for donating blood are 10 a.m. to 4 p.m. and it is hoped that Columbiana residents will respond by calling either Mrs. Walter Miller of Mrs. C. W. Dewar.

During its November visit the Bloodmobile was nine pints short of the quota.

CHARLES ROHRER, Cliff Orr and Jack Fullerton will be hosts at a fish fry for members of the American Legion Post Friday at the Post Home.

Annual spring dinner party of the Friendship Class of the Methodist Church will be held at 6:30 p.m. Wednesday at Heck's Restaurant.

Arrangements for the dinner are in charge of Mrs. John Robinson and committee members are Miss Irene Blank, Mrs. H. H. Pierson, Mrs. Guy Patchen and Mrs. Charles Reinehr.

Deviations will be given by Mrs. George Sweeney.

COLUMBIANA CLOCKS will be moved up one hour Sunday, returning to eastern standard time Oct. 27.

Mrs. Charles McKean is in charge of the program entitled, "Religion in the News," when

the LL Class of the Presbyterian Church meets at 8 p.m. Friday at the church.

Mrs. Harry Warrick will have devotions. Hostesses are Mrs. Edna Calvin, Miss Jean Calvin and Mrs. Roy Weaver.

May 17 is the date set for a Minstrel being presented by Brownie Troop 7, in the Columbiana High School auditorium at 8 p.m.

Directing the show are Mrs. Betty Hess and Mrs. Frank Snodgrass.

A free-will offering will be taken.

SEVERAL EVENTS have been scheduled for Columbiana High School students during the last weeks of school.

On May 1, students earning special recognition for scholastic achievement will be honored at a banquet at 6:30 p.m. at South Side School.

The annual Spring Band Concert will be held on May 3, at the High School auditorium.

State finals of the Scholarship Tests have been scheduled for May 4.

May 21 is the date set for the annual awards assembly at the high school, and May 22 will be final examination day for seniors.

Baccalaureate and commencement practices are scheduled for the morning of May 23, while the afternoon will be reserved for the annual Class Day program, being presented before the remaining student body.

Baccalaureate services will be held at 8 p.m. May 26, in the Methodist Church and commencement exercises will be at 7 p.m. May 29 at Firestone Park.

A NOON LUNCHEON will be held in the dining room of the First Methodist Church Thursday from 11 a.m. to 1 p.m. by the Searchlight class. Soup, sandwiches, salads, cakes, pies and beverages will be on the menu. Luncheon is open to the public. Searchlight class celebrated its

17th anniversary Saturday at the church with 50 members and friends present.

The history of the class was given by Clifford Shell. Mrs. Clarence Kissinger, a handwriting analyst, entertained the group.

Mr. and Mrs. Byron Snyder spent Sunday with Mr. and Mrs. Lincoln Snyder at North Lima. Mr. and Mrs. Roy Baker of North Canton were Sunday visitors of Mr. and Mrs. Robert Snyder.

Republican Group Meets In Lisbon

LISBON — Thirty members were present when the Republican Advisory Council met Monday noon at the Wick Hotel.

County Chairman Charles Pike of Lisbon and Ford McQuilkin of Homeworth, vice chairman, handled the business session.

Edward Heim of Lisbon, president of the Columbiana County Republican Club, gave a report on the membership drive. The club will sponsor a party for members later in the spring. Chairman in charge will be Allen Dairymple of Wellsville and Dean Rose of Lisbon.

County chairwoman Gladys Debolt invited all area Republicans to attend a meeting in East Liverpool May 1, at 7:30 p.m. The combined Republican clubs of East Liverpool will present a "candidates' night" program and will have a state speaker at the event at the Potters Saving & Loan Annex.

The next Republican Advisory Council meeting will be May 13 at noon at the Wick Hotel.

Franklin School PTO Names Officers

SUMMITVILLE — Mrs. Charles Crawford was re-elected president of Franklin P.T.O., which met Monday night in the school.

Other officers for the year are: Vice president, Mrs. Daniel Leffler; secretary, Mrs. Charles Lewis; and treasurer, Mrs. Carl Devitt.

Dates of three events to take place at the school were announced. A dinner for the eighth grade graduation will take place May 23, when there will be dancing at the school until 10 p.m. Eighth grade commencement is scheduled for May 28, and a school picnic will be held May 29.

Following the business session, Rev. H. M. Harper of Bethel Presbyterian Church, guest speaker, told about his trip to Europe last summer and showed slides of his travels.

Industrial Group's Spring Meeting Set

Nearly 300 area industry, religion, education, and civic leaders from throughout the Mahoning and Shenango Valley area will attend the spring meeting of the Industrial Information Institute Wednesday at 6:30 p.m. at Youngstown Country Club.

A number of Salem industrialists belong to the organization.

Jordan Quiet After Riots

King Hussein Vows To Defend Throne

AMMAN, Jordan (AP)—Vowing to defend his throne with his life, Jordan's young King Hussein says he will never step aside to ease the way for his country's entry into a new United Arab Republic.

"I will carry on my heritage as long as I live," the 27-year-old monarch said in a broadcast Monday night. "I am afraid of no one in this world except God. I will continue my way as a soldier."

Although he made no direct reference to the pro-Nasser riots Saturday which resulted in strict curfews and a reshuffling of his Cabinet, the king warned his people against "agents, troublemakers and false patriots."

Hussein said he would not stand in the way of Arab unity. But he suggested that Jordan's monarchy need not step aside for Jordan to join a union of Arab states.

About 2,000 students rioted in Jerusalem Saturday demanding

Hussein's ouster and union of the kingdom with Syria, Iraq and Egypt in President Gamal Abdel Nasser's projected United Arab Republic. Four persons were reported killed and about 30 wounded. An estimated 80 to 90 persons were arrested for rioting or breaking the curfew.

With his Parliament dissolved, his great-uncle installed as premier and curfews imposed in Jerusalem and other trouble spots, Hussein appeared to have beaten off the latest pro-Nasser attempt on his throne.

Amman, the capital, was under military surveillance, but it remained open with business as usual.

In the Jordanian sector of Jerusalem, by contrast, shops were closed. The great gates of the city walls were shut. Government buildings and the radio broadcasting station were heavily guarded by Bedouin troops brought in from desert camps.

Vocational Guidance Day Set Wednesday at Lisbon High

LISBON — The 7th annual vocational guidance day, sponsored by the Lisbon Kiwanis Club, will be observed Wednesday in David Anderson High School.

Scheduled are 51 classes with 37 specialists who will attempt to help students select their careers. The event will be opened with an assembly program at 10:30 a.m., with Dr. Robert Huddleston, director of church campus relations of Methodist churches in Ohio, as the speaker.

Principal George Nace; Courtney Pennell, president of the Kiwanis Club, and Rev. William Brown, chairman of the committee in charge of the guidance day, will be introduced.

Each student will be allowed to attend three classes of his choice. Following is list of classes and specialists:

Beautician—Mrs. Virginia Cook and Miss Josephine Weinberger. Motor mechanic and transportation — Glenn Broomall, Pontiac Sales of Salem.

SEARS DAYS

If you hear everyone humming "Take Me Out to the Ball Game" at Sears, Roebuck and Co.'s store here for the next few days, there's more to it than the opening of the 1963 baseball season. America's favorite sport sets the theme for the store's contest during this year's "Sears Days Sale," traditionally the biggest event of the spring season.

Taking full command as "field manager" of the store "team" is Mr. James Groves, assistant manager of the store, while store manager Mr. L. M. Manieri takes a seat on the bench as "general manager."

"Pitching coaches" will be the store's merchandise managers—Al Koontz, Harmon, Edling, Killman, Weyant, Price, Duke, Walker and Lederle—who have formed a lineup of merchandise stars to be featured at special values, and will lead their staffs in an effort to break all previous records.

The nine-inning event opens this Thursday and continues through Saturday, May 4.

PEPSI Shoppers Sweepstakes

How many dollars worth of groceries could you grab off the shelves of a supermarket during a big 15-minute shopping spree? \$200? — \$500? — \$750?

Well, some lucky local person is going to find out and Pepsi-Cola Bottling Company of Youngstown will be happy to pick up the tab!

Pepsi not only picks up the check for a first prize 15-minute shopping spree but for second and third prizes of 10 and 5 minutes respectively at the supermarket chosen by the winners.

These are the grand local prizes of a giant \$130,000 Pepsi Shoppers' Sweepstakes, a cooperative effort by every Pepsi-Cola bottler and in conjunction with thousands of retailers throughout the state, as announced today by Bert Lockshin, Vice President of Pepsi-Cola Bottling Company of Youngstown, Ohio.

The dates of the six weeks' Pepsi Shoppers' Sweepstakes are from Monday, April 22, 1963 to Saturday, June 1, 1963.

Lynch Triggers Rally As Cincy Trims Giants

Bucs Blank Cubs 2-0, Move Into 1st In NL

By MIKE RATHET
Associate Press Sports Writer

Jerry Lynch, who sits on it most of the time, can tell you all about good wood.

Today he can tell about the good wood he applied to a Jack Sanford pitch Monday night, belting the 12th pinch-hit homer of his career and triggering a five-run eighth-inning rally that gave Cincinnati a 7-4 victory over San Francisco.

A 32-year-old left-handed swinger whose amazing ability to connect as a pinch hitter often has kept him from playing regularly, Lynch is only two pinch-hit homers away from the record 14 hit by George Crowe with the Braves, Reds and Cardinals.

Lynch's key hit against Sanford, the Giants' 24-game winner, was his 72nd in 245 at-bats as an emergency swinger for the Reds, and hiked his pinch-hit average to .294. Besides the homers, he has collected nine doubles and two triples while driving in 60 runs. **Blast Ties Score 3-3**

Lynch's homer against the Giants tied the score 3-3. One out later Frank Robinson hit a two-run homer that put the Reds ahead to stay on a night when the big bats put the rap on the National League's mightiest arms. Hank Aaron collected the 1,000th run batted in of his career with a third-inning single and joined Edie Mathews and Dennis Menke as homer hitters in Milwaukee's 10-2 walloping of the Los Angeles Dodgers and 25-game winner Don Drysdale.

Pittsburgh's 2-0 victory over the Chicago Cubs, coupled with the Giants loss, left the Pirates in first place by percentage points. San Francisco and St. Louis, which defeated Houston 5-2, are tied for second. In the other game, Philadelphia ended the New York Mets winning streak at four games, 8-6.

The Giants led 3-1 going into the eighth and Sanford, winner of his first three games, was working on a four-hitter when Eddie Kasko walked. Lynch, hitting for Don Blasingame, took a ball, then hammered the next pitch over the right field fence.

Robinson Puts Game on Ice
Gordy Coleman followed with a single and Robinson hit one into the left field stands to give Jim O'Toole his third victory against one defeat. Marty Keough also homered for Cincinnati while Tom Haller and Orlando Cepeda connected for the Giants.

Bob Hendley held the Dodgers to six hits as the Braves broke a four-game losing streak. Mathews' homer, a three-run shot in the third inning, was the first off Drysdale in 102 1-3 innings dating back to last Aug. 24.

Aaron drove in the first Braves' run with a single for his 1,000th RBI and hit his fourth homer of the season in the fifth. Menke connected in the eighth.

Earl Francis, Bob Veale and El-Roy Face combined for a five-hitter as the Pirates used two unearned runs to beat the Cubs and Glen Hobbie. In the sixth, Billy Williams dropped Bill Mazeroski's two-out line drive, enabling Willie Stargell and Donn Clendenon to score with the game's only runs. Francis left in the eighth inning when his arm tightened.

Ray Washburn went the distance for the third time and his third victory without a loss for the Cardinals, allowing the Colts only seven hits. Rusty Staub singled in the Houston runs in the third inning. Carl Sawatski and Bill White homered for the Cardinals and Charlie James drove in two runs with a pair of singles off loser Ken Johnson.

Phillies End Mets Streak
The Mets streak came to an end with the tying and leading runs on base in the ninth inning as Phillies' relief ace, Jack Baldschun, got pinch hitter Rod Kanehl to take a called third strike for the final out. The Mets had scored three runs in the inning—two on Frank Thomas' homer. The Phillies put together five runs in the fifth and sixth innings, with the aid of three balks, and held on behind winner Ray Culp and Baldschun.

Sherman Inks 5-Year Pact With Giants

NEW YORK (AP)—In the violent world of the New York football Giants, the letters Y.A. mean only one thing—Y.A. Tittle, the old (36) bald eagle who throws the passes.

"There is no question about Y.A.," Allie Sherman was saying Monday after accepting a new five-year contract at a reported \$37,000 per to coach the Giants. "Y.A. is like a good car. It isn't even broken in until you get 50,000 miles on the speedometer. It took Charlie Conerly a few years. Y.A. is approaching the eligibility period. You might see something from this kid."

Sherman is the 40-year-old Brooklyn College boy who succeeded Jim Lee Howell in 1961 and won two straight "Coach of the Year" awards as well as two Eastern Conference titles in two years in the National Football League.

"We are as firm as can be at quarterback," Sherman added. "Ralph Guglielmi gives us a replacement for Y.A. And we have a new boy, Glynn Griffing, from Mississippi. I truly believe he has talent as a quarterback. It is just a matter of how long it takes to break in. He also was recommended to us as a fine defensive player. Griffing is going to play a lot of football for us while he is learning to get set at quarterback."

Mahoning Valley Coaches Form Public Relations Group

The Mahoning Valley Coaches Association has organized a public relations committee with hopes of providing the public with a more enlightening account of the coaches' problems.

Announcement of the formation of the new group was made at a special meeting with area news media at the Golden Drumstick in Youngstown Monday.

The committee, disturbed over the dismissal April 9 of United Coaches Ray Russell, Larry Joseph and Neile Clarke, branded the firing as unethical.

The group also felt that the three coaches were denied proper respect in the news account of their dismissal.

Members of the United School Board declared they dismissed the three mentors "in the best interest of the United athletic program."

Executive Head Chester Brautigam said, "Nobody likes a losing team, and it seems that in neither major sport was United able to produce a winning team."

The Ohio High School athletic directors, meeting recently in Cleveland, felt that the game "should be given back to the boys."

The coaches feel that they are in the middle. The public demands wins and the state says give the game back to the boys.

The public relations committee consists of a member of each league in the area and is headed by the vice president of the MVCA.

Senators Whip Angels 4-1 Behind Cheney's Hurling; A's Nip Tigers

By JIM BECKER
Associated Press Sports Writer

In 11 years in baseball Tom Cheney changed uniforms 13 times.

At almost every stop he was told

he had almost unlimited potential—just before they handed him his new travel orders.

But it looks as if it will be a long time before he ever turns in the Washington Senators suit he is wearing now.

The right-hander, who made signs of coming into his own last season when he struck out 21 Baltimore Orioles in a 16-inning game won his second straight Monday night with a four-hitter as slick as the top of his shiny 28-year-old bald head. The Los Angeles Angels were the victims, 4-1.

Unearned Run Spoils Shutout
Only an unearned run kept Cheney from chalking up his second straight shutout. He stopped Boston on one hit in his other start.

In the only other game in the American League, the Kansas City Athletics battled back to a 6-5 decision over the slumping Detroit Tigers, who have lost four of their last five. Cleveland at Chicago, the only other game on the schedule, was postponed by poor weather.

Cheney, who is known as "Skin" among his mates because of the location of his hairline, extended his scoreless inning streak to 14, before the Angels scored in the sixth. Jim Fregosi singled off Cheney's shin, went to second on an error by shortstop Ed Brinkman and scored on Albie Pearson's single.

Hinton Clouts Home Run
Chuck Hinton homered for the Senators in the first, and Brinkman contributed a two-run single to a three-run Senator fourth that chased Angel starter Ken McBride.

The Kansas City victory, which moved the A's to within a half game of the league-leading Baltimore Orioles, was a real uphill battle. The A's spotted the Tigers five runs in the first inning, but Don Mossi couldn't hold it.

Ging Cimoli and Norm Siebern drove home runs in the fourth, Wayne Causey chased two across in the seventh and Jerry Lumpe drove in the tying run in the eighth.

Major League Stars

BATTING — Hank Aaron, Braves, drove 1,000th run of his major league career with third inning single for Milwaukee's first run, later homered in 10-2 victory over Los Angeles Dodgers.

PITCHING—Tom Cheney, Senators, allowed only four hits and an unearned run, for 4-1 triumph over Los Angeles Angels.

Salem Juniors Rip Alliance 7 1/2-45 1/2

Seibert and Price each won two first places to spark Salem Junior High School (ninth graders) to a 7 1/2-45 1/2 victory over Alliance State Street in a track meet at Reilly Field Monday.

The Quakers rolled up 10 first places in chalking up their third straight victory of the campaign. The eighth grade aggregation travels to East Palestine today, and the ninth grade crew will hit the road for Poland Thursday.

Seibert captured both sprints. He was timed in 11.2 for the 100-yard dash and 25.5 for the 220-yard dash.

Price was first in both hurdle events. He took the 120-yard high timbers in 20.2, and the 180-lows in 24.5.

The broad jump was close. Walker of Alliance took first with a leap of 17 feet, 8 1/2 inches. He was followed by teammate Codrea, who jumped 17 feet, 7 1/2 inches; and Salem's Windram with a leap of 17 feet, 7 inches.

Fleischer, Windram, Catlin and Seibert bettered the school 880-yard relay record that they set

last week. The four boys ran the half-mile in 1:41.6 yesterday. They had set the mark against Crestview in 1:41.9 last Thursday.

U.S. Swimmers Set Records During Pan American Games

By JERRY LISA
Associated Press Sports Writer

SAO PAULO, Brazil (AP)—Uncle Sam's youth-voltaged swimming squad, owning five new meet marks just in warming up, gets down to championship cases in the fourth Pan American Games tonight.

The swimming program, offering the first four finals of the 17-event racing competition, features the fourth day's session of the 16-day Western Hemisphere version of the Olympic Games.

Monday's activity in this sun-drenched metropolis produced three more gold medal winners, three new meet swimming records for the U.S. team and a surprise defeat of America's No. 2 tennis player, Frank Froehling. The U.S. girls basketball team, topped by Joan Crawford's 14 points, won an opener over Chile 72-44.

The day brought approval of Winnipeg, Canada, by the Pan American Sports Organization as the site of the fifth Pan Am games in 1967.

Monday's three gold medal winners included U.S. lightweight weightlifter Anthony Garcy, York.

Pa., Argentine fencer Guillermo Saucedo in mens individual foils, and Venezuelan Enrico Forecella in carbine prone shooting.

Carl Robie, 17, Philadelphia fluttered to a record smashing 2:14.5 heat victory in the 200-meter mens butterfly. Don Schollander, also 17 from Santa Clara, Calif., whipped through his 400-meter free style heat in a record 4:29.4.

Terri Lee Stickle, 16, U.S. national sprint champion from Santa Clara, boiled through her 100-meter free style heat in 1:03.3 for another meet record.

In tennis, the United States had only Allen Fox, Los Angeles, left in the mens singles after Froehling was trimmed easily in his first match by Juan Arreondo, Mexico, in straight sets, 6-4, 8-6, 6-2.

It's Only \$241 After \$17,193 Expenses

Basketball Shows Profit

Net profit from the 1962-63 Salem basketball season was \$241.51, a financial report presented at Monday night's Board of Education meeting shows.

Receipts totaled \$17,434.60 while total expenses tallied \$17,193.09.

The report shows a balance in the basketball account of \$17,628.10, including \$12,278.10 in regular account, \$5,000 in savings certificates and \$350 in the regular savings account. The balance as of April 1 last year totaled \$12,036.59.

A BREAKDOWN OF INCOME shows total gate receipts of \$14,369.11. A sum of \$8,749 accrued from the 673 adult season tickets at a cost of \$13 each.

Total gate receipts from 13 games tallied \$4,976.61. The grade and junior high season tickets added another \$643.50 to the total

receipts. One hundred ninety eight of these tickets were sold at a price of \$3.25.

Other figures added into the total receipts include \$550 in guarantees from Canton Timken (\$200), Massillon (\$150), Warren (\$50), East Liverpool (\$50) and Alliance (\$100); \$1,257.42 from the tournaments (\$589.43 for the sectional and \$672.99 for the district), and "other" income, \$1,257.42.

Classed into the last category are refund on cross country, \$102.80 share of 1962 Salem High Association Fund, \$971.27; refund on insurance, \$7.50; refund on Kent State tickets, \$6; refund on student buses, \$166.50; and miscellaneous, \$4.

THE LARGEST GATE was the Salem-McKinley game from which \$556 was received. Other gate receipts are Columbus East,

\$415; Cleveland John Adams, \$351.95; Akron North, \$335.50; Akron East, \$375; Girard, \$266; Ravenna, \$290.05; Niles, \$480.70; Wellsville, \$500.10; Akron South, \$417; Youngstown South, \$303.51; Boardman, \$405.75; Youngstown East, \$280.05.

Regular expenses totaled \$10,478.50, with \$1,268.85 accounted for by Junior High.

Guarantees to visiting schools represents the largest outlay — \$2,235.60. Other regular expenses include equipment, professional services, cleaning uniforms, insurance and a long list of others.

"Other" expenses lumped together tallied \$6,714.59, with the largest chunk a \$5,000 payment on the football field lights. Others in this category include student bus, newspaper advertisements, Big Eight meeting expenses, and state tournament expenses.

Liston Rematch With Patterson Is Rescheduled For June 27

NEW YORK (AP) — The off-and-on rematch between Sonny Liston and Floyd Patterson for the heavyweight title is on again today, in Las Vegas June 27.

Liston's advisor, Jack Nilon, has agreed to the date and site "with reluctance," he said as his home in Chester, Pa.

"That's right, the title fight is going to be in Las Vegas June 27," a Liston sparring partner, Fondea Cox, said in Denver.

Liston, also in Denver, was not available for comment. Nilon didn't spell out the reluctance, but the chances were that he wanted the fight held in Baltimore, where he is the leading concessions man.

However, under the contract for the first fight in which Liston took the title on a one-round knockout,

Patterson has the right to pick the date and site of the rematch. Patterson first selected Miami Beach April 4, but after a one week postponement that site was finally abandoned officially because Liston claimed he had hurt his left knee while swinging a golf club for a photographer.

Officials of Championship Sports Inc., were reported in Las Vegas today, looking over Convention Center as a possible site.

Nilon referred all details on the fight to the promoters, none of whom were immediately available.

Under terms of the original contract, each fighter will get 30 per cent of the gate and 20 per cent of the theater television rights. Nilon said Liston's damaged knee is "holding up all right" in

training sessions in Denver, where the champion has been for two weeks. Patterson is training in the New York area.

Paul Brown Won't Discuss Eagles' Deal

CLEVELAND (AP)—"Nothing to report on it at all" sums up the answers Paul Brown gave to a flock of questions Monday night about reports he is trying to buy the Philadelphia Eagles' National Football League franchise.

Brown returned to his Shaker Heights home from Florida where he was vacationing when his name was first mentioned April 5 as a possible purchaser of the Eagles.

Stockholders of the Eagles voted last Friday to sell the club for a minimum of \$4.5 million, stipulating that any buyer keep the franchise in Philadelphia.

Brown was asked whether he had contacted Frank McNamee, Eagles' president who was expected to hear from the Cleveland Browns' coach after the stockholders' action.

"That was a long time ago when I talked to McNamee," Brown said when asked whether he had contacted the Eagles' president. "I just don't feel that I should say anything now. I'll be talking with Commissioner Pete Rozelle. I'm under contract here. I couldn't do this if I wanted to."

Brown was replaced earlier this year by Blanton Collier as coach of the Cleveland Browns, the club he founded in 1946. But he still has six years of a contract to serve as vice president of the Browns at a salary and bonus arrangements that reportedly add up to nearly a half million dollars for the six-year period.

LEGAL NOTICE

ORDINANCE NO. 630304-19

Introduced by: Mr. Aldon

Fixing and regulating the price that may be charged by The Ohio Fuel Gas Company, its successors or assigns, for natural gas to the City of Salem, Ohio, and to its inhabitants, for the period of Three (3) Years from and after the effective date of this ordinance.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SALEM, OHIO:

SECTION 1: That, for the period of Three (3) Years from and after the effective date of this ordinance, the maximum price which The Ohio Fuel Gas Company, its successors or assigns, for natural gas to the City of Salem, Ohio, and to its inhabitants, shall be and the same is hereby fixed for each individual consumer, as follows:

Thirty cents (30c) per one hundred (100) cubic feet for the first 1,000 cubic feet, used through each meter each month.

Seven and eighty-five hundredths (7.85) cents per one hundred (100) cubic feet for the next 4,000 cubic feet, used through each meter each month.

Eight and one-tenth (8.1) cents per one hundred (100) cubic feet for the next 95,000 cubic feet, used through each meter each month.

Seven and six-tenths (7.6) cents per one hundred (100) cubic feet for the next 100,000 cubic feet, used through each meter each month.

Seven and one-tenth (7.1) cents per one hundred (100) cubic feet for all in excess of 200,000 cubic feet, used through each meter each month.

A Minimum Charge for each customer each month of Three Dollars (\$3.00) shall be made. If service under this rate schedule is discontinued at the request of the customer, The Ohio Fuel Gas Company shall not be under any obligation to resume service to the same customer on the same premises until the customer has paid payment equal to the minimum monthly charge of the intervening period, but not to exceed twelve (12) months.

The base rates prescribed above are predicated upon a base fuel cost of 24.0c per one thousand (1,000) cubic feet.

For the twelve (12) month period ending each March 31, June 30, September 30, and December 31, subsequent to the effective date of this ordinance, an adjusted base price (as hereinafter defined) shall be determined by the Company and for each full one-half (1/2) cent per 1,000 cubic feet by which the adjusted base price decreases or increases, below or above the base price of 24.0c per 1,000 cubic feet, the rates prescribed above shall be decreased or increased at the rate of one-half (1/2) cent per 1,000 cubic feet, as of the first day of the month following each such twelve (12) month period (hereinafter referred to as the "effective date"), provided that the Company shall have filed with the Public Utilities Commission of the City of Salem, Ohio, thirty (30) days prior to the effective date, a computation in support of the adjusted rates, together with a notice that the adjusted rates are to be placed in effect as of 12:01 A.M., on the effective date and shall apply to all bills rendered on and after that date.

The term "adjusted base price" is defined as the price for each twelve (12) month period ending each March 31, June 30, September 30, and December 31, subsequent to the effective date of this ordinance, calculated in the following manner:

Dividing the total dollars paid, as reflected by the books of the Company, for the gas purchased from all suppliers whose rates are subject to the jurisdiction of the Federal Power Commission (hereinafter called "Regulated Sup-

pliers"), during each month of each such twelve (12) month period, by the total gas purchased by the Company from all such Regulated Suppliers; provided that in the event a rate of any Regulated Supplier is approved by the Federal Power Commission prior to becoming effective under bond or while under bond, and such approved rate has been in effect for a period of less than twelve (12) months, then the dollars actually paid to such Regulated Supplier for the twelve (12) month period shall not be used and there shall be included in lieu thereof a sum equal to the amount which would have been paid under such approved rate for the gas purchased from such Regulated Supplier for the twelve (12) month period.

If, during the twelve (12) month period under consideration, the Company shall have received from one or more of its Regulated Suppliers, a refund pursuant to an order of the Federal Power Commission in connection with the final settlement of a rate proceeding, credit in the amount of the refund shall be applied to the gas purchased costs determined in the preceding subparagraph.

Refunds received by the Company from any Regulated Supplier other than The Manufacturers Light and Heat Company applicable to any period prior to December 31, 1958 shall not be considered in the refund within the meaning of the preceding subparagraph.

SECTION 2: That it is expressly conditioned the service to be rendered by said Company, its successors or assigns, pursuant to this ordinance shall be primarily for domestic and commercial purposes and that service shall not be extended to other consumers of different classes until after all reasonable requirements for domestic and commercial purposes are fully met, and this provision shall be binding upon said Company, its successors or assigns, during each month of each year; but during any month or year, subject to the foregoing limitations and after compliance with the foregoing provisions gas may be delivered to any other consumer and additional classes of consumers at such times and under such conditions and for such rates as may be agreed upon between the Company and such consumer or consumers.

SECTION 3: That Ordinance No. 591201-74 passed by the Council of the City of Salem, Ohio, on the 15th day of December, 1959, entitled: "Ordinance No. 591201-74—Fixing and regulating the price that may be charged by The Ohio Fuel Gas Company, its successors or assigns, for natural gas to the City of Salem, Ohio, and to its inhabitants, for the period of Three (3) Years from and after the effective date of this ordinance," be and the same is hereby repealed.

SECTION 4: The terms and conditions of the service to be rendered by said Company, its successors or assigns, shall conform with and be subject to the Rules and Regulations for furnishing gas service of the Company on file with and approved by The Public Utilities Commission of Ohio.

SECTION 5: That the natural gas furnished or delivered pursuant to the terms of this ordinance, by the said Company, shall have an average heating value of 1,000 British thermal units per cubic foot for any consecutive twelve (12) month period subject to a variance of not more than five (5) percent upward or downward.

SECTION 6: In the event the State of Ohio or the City of Salem, Ohio, should hereafter impose a tax upon Ohio Fuel, that is not now imposed, or should hereafter increase the rate of any tax now imposed upon Ohio Fuel above the tax now existing, other than the rate on property listed in the real estate tax rolls, and duplicate the rates prescribed in Section 1 shall be increased to the extent necessary to compensate Ohio Fuel for the increase in cost due to such new tax or higher tax rate. This shall be done in the following manner:

(a) If the new tax or higher tax rate is computed in direct relation to gas sold or revenues received for gas sold, or to revenues received for gas sold, the rate set forth herein shall be adjusted to the extent necessary to recompense Company for the amount thereof.

(b) If the new tax or higher tax rate is not related directly to gas sold or to revenues received for gas sold, or to revenues received for gas sold, the total dollar effect thereof upon the cost of serving gas by Ohio Fuel in the City of Salem, Ohio, shall be determined, based upon operations of Ohio Fuel in the City during the most recently available twelve months period ending on the last day of the December 31, June 30, September 30, or December 31, preceding the effective date of the new tax or higher tax rate; the total dollars so computed shall then be divided by the total sales made to the types of consumers covered by this Ordinance during the same twelve months period and the rates prescribed herein shall be correspondingly adjusted.

The adjustment of the rates prescribed in this Ordinance, as provided in subparagraphs (a) and (b) above, shall be made by rounding the mathematical result of the computations so prescribed to the nearest one quarter cent (.25c) per one thousand cubic feet.

The adjusted rate shall be placed in effect and shall apply to all meter readings occurring on and after the effective date of the statute, ordinance or resolution pursuant to which the new tax or increased tax rate is imposed.

Written notification of the adjustment shall be sent to the Clerk of the City as quickly as possible after the effect of the new tax or higher tax rate is determined.

SECTION 7: That any ordinance or resolution, or part of an ordinance or resolution, inconsistent herewith, is, to the extent of such inconsistency, hereby repealed.

SECTION 8: That should any section or part of a section or provision of a section of this ordinance be declared void, the remainder of this ordinance shall not be affected thereby.

SECTION 9: That this Ordinance shall become effective at the earliest date allowed by law, provided, however, that this ordinance shall have no force whatsoever unless written acceptance of this ordinance is filed by The Ohio Fuel Gas Company with the Clerk of the City of Salem, Ohio, prior to the expiration of thirty (30) days from the date this ordinance is passed.

A word from **THERON** at the Country Store

I have been requested to tell you a friend of mine got a fishing outfit with 5 books of stamps and 45c sales tax, this means he paid \$15.00 in stamps for it. He was happy with it till he went into a local hardware and found the same thing on the wall for just \$10.95. This store happened to be one that was taken in by one of those fast talking super stamp salesmen. I must inform you they no longer (give) stamps, perhaps that is why they can now give you such good values on such things as fishing tackle.

They are now a member of the same group I am. We learned the hard way that nothing beats good old fashioned bargains after all is said and done. Country Store Club Steak Dinner Winner: Mrs. Eleanor Antoinette, Columbiana, Ohio

This and That

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

It has been estimated the mother of an infant child works up to 98 hours a week. Incidentally, the average baby cries 113 minutes a day.

One of a policeman's occupational hazards today is writer's

cramp. They hand out up to 70 million traffic tickets yearly to motorists.

In 1962 almost 1,000 U.S. automobiles a day were stolen. Nine out of 10 had been left unlocked by careless owners. Car thefts so far this year are up about 10 per cent.

It once was thought you could cure a toothache by running three times around a church without thinking about a fox.

The Lido Cahan Club here posts this sign: "Money belts not permitted in the pool."

The U.S. government says that a basket of groceries that cost \$10.16 in 1952 costs only about \$9.80 today. The average family spends slightly less than 20 per cent of its income for food, the lowest figure in our history.

Our quotable notables: "The test of a man or woman's breeding is how they behave in a quarrel." — George Bernard Shaw.

Nicotine and alcohol don't mix. A medical researcher reports that men who smoked 16 or more cigarettes a day and also drank six or more ounces of liquor daily were seven times as likely to develop throat cancer as nondrinkers who smoked the same amount.

Soviet Russia is making a bid for the international tourist trade. It had 800,000 visitors last year, including 20,000 Frenchmen, 19,000 Britons and 17,000 Americans.

Woodrow Wilson had one of the most meteoric rises in American political history. Just two years and 170 days after he was nominated for governor of New Jersey — his first public office — he was sworn in as president of the United States.

A New Jersey town once made it a misdemeanor for a dog to bark after 10 o'clock at night. In St. Louis, Mo., it is illegal to sit on a curb and drink beer from a bucket. And there was a time when you could be arrested in Washington, D.C., if caught fishing while seated on a horse.

Our American population has increased more than 40 million in the last 20 years, a hike of over 35 per cent, but we still number only about 6 per cent of the earth's people. But by 1975 or 1980 China may become the world's first nation to have one billion people.

NAMED PROJECT ENGINEER

The State Highway Department has assigned Donald M. Cook of East Liverpool as its project engineer for the W. State St. grade separation improvement. An engineer with the department since 1950, he has been an inspector on a Rt. 7 project at Yellow Creek. He worked on the Millville Hill Rt. 14 project east of Salem a number of years ago.

\$50,000 Suit Filed As Result of Crash

LISBON — A suit for \$50,000 for personal injuries allegedly stemming from an auto accident was filed in Common Pleas Court Monday by John K. Reark of East Liverpool, in behalf of his son, John R. Reark, a minor.

Raymond Roy Cusick, a minor, Lisbon RD 2, was named defendant.

Reark's son was driving south on Route 30 and Cusick, north, when Cusick made a left turn in front of Reark's car while trying to enter County Road 417, causing a collision, the petition claims.
